Dear Grade 1-6 Tyndall Park Community School Families,

It is that wonderful time of year again! I am excited to share that the Grade 1-6 Winter Concert is scheduled for **Thursday, December 17th, 2026**, at **6:30 PM**, with a 1:00 PM matinee/daytime performance. The location is the Gymnasium at Tyndall Park Community School. **To ensure space for everyone, each family will receive two tickets to the evening concert. Tickets will be sent home closer to the date. The matinee/daytime performance will have unlimited seating.**

The musical that we have chosen this year is entitled ***Flakes!***, a *musical that celebrates the joy of winter and the beauty of individuality.* The musical features **six** catchy songs, with each grade group performing 2. Our grade 4-6 Choir will also be opening the show. Our fifth and sixth graders will take the lead, serving as the main cast and handling roles such as costume, props, set design, etc. If able, we invite students to dress in the spirit of our "Snowflakes" theme! **Feel free to wear any combination of white, light blue, silver, grey, black**, or any other colours that make you feel comfortable and festive. Participation is optional, and everyone is welcome to join in their own way!

The following pages include lyric sheets and links/QR codes to lyric videos for the two songs your child's grade group will be performing at the Winter Concert. Please scroll down to find the songs for your child's grade group.

Your children have been working *very* hard to learn their songs! I would greatly appreciate your support by playing the songs whenever possible–whether in the car, during playtime, in the background at home, etc. Practicing the accompanying movements at home will help, too! Reinforcing the songs at home will help your child internalize the song and feel more comfortable performing them.

Thank you for helping making this Winter Concert a memorable experience for our students! Please do not hesitate to contact me if you have any questions, questions, or concerns. **Relevant information will be shared via email or letter as we get closer to the concert date.**

Hot Chocolate! By Andy Beck

Hot, hot, hot, hot chocolate, I can't get enough!

Hot, hot, hot, hot chocolate, it's my favorite stuff!

When the weather is freezing and you think you'll turn to ice,

There is nothing more pleasing than a mug of paradise.

Turn up the heat, make it steamy and sweet, with marshmallows on the top. Come fill me up to the top of my cup, I'm gonna drink every drop!

Hot, hot, hot, hot chocolate, I can't get enough!

Hot, hot, hot, hot chocolate, it's my favorite stuff!

(Chanted)

Hot, hot chocolate. Hot, hot chocolate. (3x)

Ssss Make it steamy. Ssss rich and creamy. (2x)

Marshmallows are floating on the top. Whipped cream, I'm never gonna stop (1x)

Turn up the heat, make it steamy and sweet, with marshmallows on the top. Come fill me up to the top of my cup, I'm gonna drink every drop! Hot, hot, hot, hot chocolate, I can't get enough!

Hot, hot, hot, hot chocolate, it's my favorite stuff!

I can't get enough!

I need a fix made from scratch or a mix!

Hot Chocolate! HOT!

Song 1. Cold Snap

By John Jacobson and John Higgins

The north wind starts to blow now.
Looks like it's gonna snow now.
Your fingers will freeze, your lips and cheeks will chap!

The sky is turning grey now.
The sun has gone away now,
'Cause out of the blue, we're gettin' a cold snap!

It's a cold snap! Cold snap!
We're gonna be ready for that cold snap! Cold snap!
Grab your cap an' tighten the strap.
Check the map, the weather on tap's a cold snap!

It starts with just a few flakes;
Add wind until your house shakes.
Your windows will rattle, and your shutters clap!

Your breath will freeze mid-air now.
You'll slipslide ev'rywhere now.
Right out of the north, look out, it's a cold snap!

It's a cold snap! Cold snap!
We're gonna be ready for that cold snap! Cold snap!
Grab your cap an' tighten the strap.
Check the map, the weather on tap's a cold snap!

Grab your skates an' find your sled.
Bring a 'board, we're gonna shred!
Keep that warm hat on your head...
(Solo Grouch #1, spoken)
I think I'M goin' back to BED!

Don't you love it, when it snows?
See that snowman's funny nose?
Snowball fights where anything goes!
(Solo Grouch #2, spoken)
Yeah, but I can't feel my TOES!

Skaters waltzing, sleigh bells ring.
Let's all go tobogganing!
Pure, white snow on ev'rything...
(Solo Grouch #3, spoken)
Why can't we just CUT TO SPRING? Come on!
Nothin' to do BUT TO BRING it on!
Cold snap! Cold snap!
We're gonna be ready for that cold snap! Cold snap!
Grab your cap an' tighten the strap.
Check the map, the weather on tap's a cold snap!
Cold snap! It's a cold snap!

Song 2. We're Flakes!
Reprise: We're Flakes!

By John Jacobson and John Higgins

Sorry, ev'rybody, we know that it's cold here.
It has to be, or you might see a melting unfold here!
No need to worry, just give us a break.
We're cold as ice, but awf'ly nice: That's just like a flake!

If you go out walking and take any old street,
You prob'ly know that we're the snow and cousins to cold sleet!
If you get chilled and you shiver and shake,
Well, don't be blue, 'cause each of you just ran into a flake!

We're flakes, nothin' but flakes!
Got what it takes! Comin' down all around you.
Flakes! Proud to be flakes, you and me!
Ya gotta love us, can't get enough of us.
Goodness snows and goodness sakes,
We're nothin' but flakes!

Blowing in the wind puts us all in a tizzy!
No wonder why, up in the sky, we all get so dizzy!
Flakes are so happy; we have so much fun.
We love a squall, but then we're all terrified of the sun!

We're flakes, nothin' but flakes!
Got what it takes! Comin' down all around you.
Flakes! Proud to be flakes, you and me!
Ya gotta love us, can't get enough of us.
Don't be afraid of us; snowmen are made of us.
Goodness snows and goodness sakes,
We're proud to be FLAKES! FLAKES! FLAKES!

Song 3. SNIRT!

By John Jacobson and John Higgins

Huh! S N I R T! We're makin' a mess where the snow used t' be! S N I R T! An' you c'n have our grimy, grungy recipe.

Ya take a little snow, add a little dirt,
And what you get is what we call SNIRT! *Yo!*
Take a little snow, add a little dirt,
And what you get is what we call SNIRT!

(Rapper 1) *Now out in the streets, they got plenty of DIRT!*
(Rapper 2) *An' shovellin' snow makes plenty of HURT!*
(Rapper 3) *The mess is BAD, but don't get MAD.*
(Rapper 4) *Show some respect for your friend called SNIRT!*
Yeah, try to connect with your friend called SNIRT!

(All) *Huh!* S N I R T! We're makin' a mess where the snow used t' be! S N I R T! An' you c'n have our grimy, grungy recipe.

Ya take a little snow, add a little dirt,
And what you get is what we call SNIRT! *Yo!*
Take a little snow, add a little dirt,
And what you get is what we call SNIRT!

(Rapper 1) *We like it all mushy down under our FEET!*
(Rapper 2) *We like it with slush, an' we like it with SLEET!* (Rapper 3) *So bring on the MUD, an' bring on the CRUD,* (Rapper 4) *An' bring on the Snirt to make our mess look SWEET! Yeah, bring on the Snirt to make our mess COMPLETE!*

(All) *Huh!* S N I R T! We're makin' a mess where the snow used t' be! S N I R T! An' you c'n have our grimy, grungy recipe.

Ya take a little snow, add a little dirt,
And what you get is what we call SNIRT! *Yo!*
Take a little snow, add a little dirt,
And what you get is what we call SNIRT!
Yeah, what you get is what we call ... *SNIRT!*

Song 4. Nothing Special

By John Jacobson and John Higgins

Here I am on top of a snow bank.
Don't know what to do.
Here I am surrounded by my friends.
Why do I feel blue?

With all of us together,
Protected from the sun,
Why do I feel so lonely?
Why don't I have any fun?

It's 'cause I'm nothing special, nothing new,
So easy to ignore.
It's 'cause I'm nothing special, nothing new.
Been there, done that;
It's all been done before.
Been there, done that;
It's all been done before.

Ev'ryone feels all alone sometimes,
Even in a crowd.
Just a bunch of little flakes
With their heads up in a cloud.
They say no two are alike, now.
They say there is no doubt.
But I see more of the same, now.
Don't know what it's all about.

It's 'cause I'm nothing special, nothing new,
So easy to ignore.
It's 'cause I'm nothing special, nothing new.
Been there, done that;
It's all been done before.
Been there, done that;
It's all been done before.

Song 5. One in a Million

By John Jacobson and John Higgins

As you grow, you look all around.
Feels like you're "more of the same."
Like any other one ... Here comes another one ...
Just with another name.

Then someone shows they care about you.
They shelter you from the sun.
Now there is only you ... There never could be two ...
The only one!

You're one, one in a million!
No other 'neath the sun.
You're one, one in a million!
And the reasons you're special are a million in one.
Just one in a million, but you're a million in one!

Deep inside, it's your song to sing.
No one can sing it like you.
And when you start your song,
You'll see before too long, it's really true!

You're one, one in a million!
No other 'neath the sun.
You're one, one in a million!
And the reasons you're special are a million in one.
Just one in a million, but you're a million in one!

You're one, one in a million!
No other 'neath the sun.
You're one, one in a million!
And the reasons you're special are a million in one.
Just one in a million, but you're a million in one!
One! A million in one!
