

HUMILITY.

The wolf represents humility because of its giving nature and devotion to protecting and working for the good of the wolf pack. This shows us the example of how a family and community work together to support each other similar to the wolf pack. At school we work together to take care of each other and support each other and we each have different roles, like in the wolf pack. Humility is about remembering to think of others and their needs as well as being humble when we do well in things or win a prize or game. It's about not giving up on ourselves or others.
