## A More Complicated Project –Boomwhacker Making!

A project for you and your parents: This will take time and a few supplies and tools. Check out the website, talk to your parents and see if you’re able to make your own set of boomwhackers. Don’t forget to label them and make sure they’re on pitch. Youtube “C Pitch” so you can hear if you’re “C” boomwhacker is in tune. “C#/Db pitch” for the “C#/Db” boomwhacker etc. all the way up to B.

\*\* If your boomwhacker is too low, cut it down a bit more. If it’s too high unfortunately, you’ll have to make a new one.

You will have 12 boomwhackers in total

C, C#/Db, D, D#/Eb, E, F, F#/Gb, G, G#/Ab, A, A#/Bb, B

### **Drama**

Watch through Shelley Duval’s Faerie Tale Theatre playlist one at a time. At the end of each Fairy Tale, get together with family or siblings and act them out one at a time coming up with your own script. Feel free to film them. If you know how to edit videos, then feel free to do that to add a creative element.

Remember the following things....

- 1.) Have your body face the audience (no-one wants to see your derriere).
- 2.) Speak slowly and clearly so your audience can understand.
- 3.) Speak with appropriate expression and feeling (you’re not going to look “happy” while saying a “sad line”)
- 4.) Avoid swaying or fidgeting when speaking your part-stand confidently with your chin up and present yourself positively and confidently. You should have long hair out of your face.
