RE: Masks

Dear Tec-Voc Parents and Guardians,

We would like to enlist your help in making sure your children are coming to school prepared to enter the building with their own masks. Each student in our school has been given two reusable, washable cloth masks and we ask for your support in ensuring your children bring them to school to wear while here. While we do have disposable masks available for students who may have forgotten a mask or need one unexpectedly, providing disposable masks on a daily basis to students is not sustainable for a variety of reasons. Disposable masks and especially medical grade disposable masks are in short supply and we are struggling to keep up with the demand from students. We appreciate your support in this area.

Best regards and thank you for your continuing support.

Dennis, Michelle and Adam
