

Science Research Guidelines - Great Scientist

This week, you will choose ONE great scientist and complete ALL sections below. If you would like to research more than one, **Extra Credit** will be given for each additional scientist. You will be responsible for the following information:

Part 1 - Portrait

Draw a full color portrait of your scientist that is at least one half of a page.

Part 2 - Factoids

1. Birth date
2. Death date (if applicable)
3. Country of origin
4. Field
5. Contributions to Science
6. Family
7. Education
8. Awards
9. Influences
10. Greatest achievement

Part 3 - Special Interest (Choose 1)

1. Create a full-color, half page illustration of an important object/concept from your scientist.
2. Draw a half-page political cartoon or comic strip depicting some event that is relevant to your scientist.

Part 4 - Writing (Choose 1)

1. Find "Something Cool" about your scientist and write a news article about it.
2. Write a biography about your scientist.
