

INFORMATION BULLETIN

Updated June 18, 2014

Pupil transportation services

Effective the 2014/2015 school year, the operation of Pupil Transportation Services will be provided by The Winnipeg School Division rather than an outside contractor.

In order to maintain a qualified and experienced team, the Division will employ the bus drivers, bus maintenance and dispatch/administrative staff currently providing services to students in the Division.

The Division is committed to ensuring that the necessary resources are in place to continue improving safety and reliability of transportation services including the replacement of older buses and the enhancement of communication equipment, while being mindful of operational efficiencies.

The Division appreciates your cooperation during the transition of services and is committed to working with students/families and schools to achieve a successful transition.

If you require further information or have any questions, please contact the Transportation Department at 775-0231.
