# Administrative Message

Hello Greenway Families,

We have gotten off to a great start this year, hopefully you have connected with your child(ren)'s teacher either on SeeSaw or through their Google Classroom.

We recently completed our Positive Behaviour Intervention Strategies common area training. This is where expectations for our behaviour are reviewed within specific areas of the school (i.e. recess, exit/entrances, hallways, etc...). An area that we are looking at focusing on is our problem-solving skills at recess. When we have a problem we are looking for our students to...

- STAY CALM and KEEP our hands and feet to OURSELVES.
- If we are ANGRY...find staff immediately, call for help or go into the school.
- If we are able...try and use our words in a calm and kind manner.
- Actively listen to one another and be willing to solve the problem
- Ask for HELP from staff if we can not agree

Much like learning to read, complete an inquiry project or play a musical instrument...solving a recess problem in a peaceful manner will take time and practice, there will be success and mistakes made. We are all here to support our students in this learning. If you have any questions or concerns please be sure to first contact your child's teacher and then if necessary we are happy to assist you.

Let's all be safe, be respectful and be learners TOGETHER!

Ms. Boulton and Mr. Olfert

# Absence Reporting – Safe Arrival

To report a student absence, the Winnipeg School Division uses an automated system called Safe Arrival.  
The app can be downloaded onto your phone or computer to report.

If you know that your child will be away, please report the absence either through the Safe Arrival app or by calling the school directly at 204-775-2455.

Please note that if a student is absent and the school has **not** been notified, Safe Arrival will call out to verify the absence.

# Roots and Shoots

Roots and Shoots is a globally-recognized youth leadership program created by activist Jane Goodall to make the world a better place. Since 1992, thousands of schools have participated to give students the opportunity to become active as leaders and members in their community.

Each classroom tackles real issues they identify within the community related to helping the animal community, the human community or the environment in our area. These projects will begin with a community walk and discussions about our neighborhood as students learn ways to make change and bring attention to what is important to them.

Stay tuned for more information and updates as the year goes along.
