Administrative Message

Welcome Back Greenway Families!

Over the last few weeks the school has been a buzz with activity in preparation for this coming school year and we hope that our Community is as excited to return as we are.

You may have noticed that some construction is taking place at the school. Our school kitchen is being renovated, most likely until January 2024. Our breakfast club will still continue, but will run out of the parent room and room 123. Breakfast program will begin on Monday, September 11th from 8:30 - 8:50 am. Students may enter the building through the front doors and must remain in the room until outdoor supervision is available at 8:45 am. Due to the limitations that preparing food in the parent room presents, our breakfast menu will continue to be nutritious, but will be simplified.

Sustainability continues to be a passion and priority at Greenway School. We will continue this year as a Jane Goodall Roots and Shoots school and look forward to the questions and curiosities that the students will explore throughout their inquiries. In keeping with this, we continue to do our best to positively impact the environment. A majority of our communication will continue to be sent through school messenger, including our school newsletter and report cards. Please be sure to provide the office with an email address or call to request a paper copy of the monthly school calendar/report card.

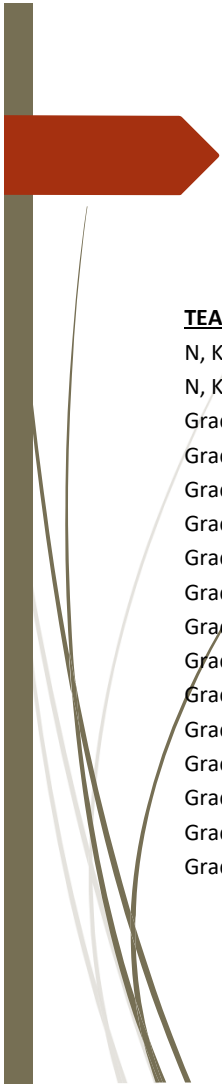

Our vision at Greenway Elementary school is to provide a safe and caring learning environment, where ALL learners feel welcome, included, engaged and are encouraged to ask questions, are challenged to take risks and be curious about the world around them.

In response to the “Our Schools” divisional survey that our Gr. 4-6 students complete every year and based on parent feedback, our staff have been thinking a lot about how we can reduce school anxiety and deepen our connections with one another. We will be trialing a new approach to the beginning of our school day. From 8:50 - 9:15 am each morning, students will have the opportunity to build connections with their classmates and the adults in the building. This time will look different in each classroom based on student voice and interest. Students may participate in a cooperative game, share stories with their peers, complete a building challenge or a mindfulness activity. Mr.Olfert and I would like to engage with students in the classrooms at this time as well, therefore we will not always be available in the office during this brief period of time, we appreciate your understanding and support with this endeavor.

We are looking forward to working together to make this a successful and positive school year.

Yours in learning,

Ms. Boulton and Mr. Olfert
