

# OCTOBER NEWS

## GREENWAY SCHOOL 2024

This past month has been full of rich learning experiences throughout all of our classrooms. Students are beginning to think about their “Root and Shoots” inquiry projects for the year, the school gardens are being cleared, the community bees are preparing for winter and we are continuing our learning on the path to truth and reconciliation. Be sure to log in to Seesaw for a window into your child’s learning.

This month students will practice several safety procedures including bus ridership, a hold and secure and a lockdown practice. Students will be walked through these procedures by their teachers as well as be informed of the various reasons that they may take place. A letter will be sent home on the day of the lockdown practice so that there is opportunity to debrief. Lockdown and hold and secure practices take place three times a year, fall, winter and spring.

## CONFERENCES AND REPORT CARDS NOV 7TH EVENING & NOV 8TH MORNING

This year we will be holding progress conferences. We recognize the importance of communication between school and home and this change will provide an opportunity to discuss your child’s learning before reporting and set goals for the upcoming report cards. This process will continue in the Spring with student led progress conferences followed by the report card.

We are also looking at streamlining the process for booking our conferences this year by moving to an online booking system. If you do not have access, you will be able to call the school for assistance in booking a time.
