

Homework

It is beneficial for students to read at home daily. Any unfinished work may be sent home for completion. In the event of special projects, it is expected some work will be completed at home.

Assessment

Assessment in Room 212 will be ongoing. I will program for each child based on reading and math assessments, daily observations, student conferencing, reading comprehension programs, projects, self-assessment and tests or quizzes.

Belief Statement

I believe that all children have the right to learn in a safe, caring, challenging and comfortable environment. In this environment, we support and honor one another so we all can reach our greatest potential. Our team in our school is very committed to helping students by supporting, encouraging and celebrating our student's achievements.

All About Me

My name is Denise Desjarlais (Ms. Denise) and I am very excited to be teaching at Prairie Rose School this year. I may be a familiar face to some of you because I am not new to this school. I worked as a resource Educational Assistant for many years at Prairie Rose and I am absolutely delighted come back to be your child's classroom teacher.

My husband and I have three adult children who were lucky enough to attend Prairie Rose and the surrounding schools. I enjoy travelling, going to concerts, camping and gardening in my spare time.

Seesaw and Teacher Contact

We will be using **SeeSaw** for school messaging and updates. Please ensure you are connected to your child's account and are receiving messages from me. If you have any questions, comments or concerns, the best way to contact me is through **Seesaw** or **email**.

You may also reach me by calling the school (8:30-8:45am, 12:05-12:45pm or 3:30-4:00pm).
