IN PARTNERSHIP WITH:

These are the blinds that were designed by Jason Fleury for the family room. They were installed on December 12, 2024.

Horticulture students spent time adopting a senior to spread some holiday cheer!! Students made seniors from Kikanen center holiday centerpieces and delivered them with their holiday spirit, reminding the seniors what valuable wisdom they provide to this community. "Making the seniors smile and giving them a living gift made my Christmas! stated Horticulture student Norissa Bittern. I can't wait to share time with them again doing more horticulture projects".

School starts back on January 6, 2025

**Reminder:
Late start Mondays still in effect
Classes start at 9:55 pm**

Looking forward to seeing you all back
