

# Meet the Arts Integration Teacher

## Mr. Nathan

### Who am I?

I am excited to be your new arts teacher! I am a cellist, composer, artist, experimenter, and educator excited to develop a sense of curiosity, focused play, and artistry with our students.

### Why Education?

Inclusivity, reconciliation, and exploration are what I care most about. I want a room where all people feel represented, valued, and can participate fully

### What Will We Do?

I want students to enjoy learning through art! We will be making sound, playing instruments, singing, dancing, drawing and more!
