

Welcome back to school !

My name is Ms. Vo and I will be your classroom teacher this school year in room 15. I hope you and your family had a nice summer. I am very happy to have you in my class. I am married and a mom of 2 sons who are 16 and 7. I like to travel and listen to music. I also like to cook for my family.

Things that we will do this year:

Thinking classrooms, knowledge building circles, inquiry projects, and research based-projects will be implemented in the classroom so that you will be able to challenge yourselves and develop skills such as communication, collaboration, critical thinking, creativity, citizenship, and connection to self. In addition, you will have joy working on a variety of STEAM activities and play base projects.

You will learn about indigenous people, the land, and the treaties through sharing circles, the medicine, smudging, novel studies, story telling, and inquiry projects.

Get ready to step outside of the classroom and the school ground to explore new things and to have real life experiences through field trips and outdoor classrooms during the school year.

It will be a great school year and I am looking forward to having wonderful teaching and learning time with you. If you have any questions or need more information, please contact me at my email thvo@wsd1.org or the school phone number 204-775-2591.

In partnership,
Ms. Vo
