

Bell Times

8:55	Morning Bell
10:15	Morning Recess
12:00	Lunch
12:30	Lunch Recess
12:55	Afternoon Bell
2:05	Afternoon Recess
3:30	Home Time

LEARNING PLATFORMS

All students will have Reading Eggs and Math Seeds accounts. They are self-paced, online learning programs designed to build foundational literacy and early math skills.

Once students are set up with their accounts, I will send you their log-in info through Seesaw if they want to work at home.

Our 6 Day Schedule

Day 1	Integrated Arts
Day 2	Gym
Day 3	Integrated Arts
Day 4	Library & Gym
Day 5	Integrated Arts
Day 6	Gym

CLASSROOM EXPECTATIONS

Homework

Students are encouraged to read for 20 minutes daily at home. Once we start UFLI, it is also recommended to complete the homework sheets which I will post on Seesaw as needed.

Snacks

Most of the children are hungry for a snack by morning recess, and again by afternoon recess. Please send a couple healthy snacks with your child each day, and if your child is still hungry, I will provide snacks. Examples of healthy snacks are fruits, vegetables, cheese & crackers, or yogurt.

Change of Clothes

Please keep a change of clothes at the bottom of your child's backpack in case your child's clothes become soiled. Please include a change of shirt, pants, socks, and underwear. Please also label all clothing and personal items.

Toys

Please keep all toys at home. At this age, when children's toys come to school, they are often lost or broken, resulting in disappointment.

WELCOME TO ROOM 208

GRADE 1 & 2

All About Me

My name is Nadine Nassar, and I am so excited to be teaching your child this year. I have two little boys at home, aged 4 and almost 2, who keep me laughing and always on the go! When I have some free time, you can usually find me curled up with a good book, enjoying something sweet, or getting creative with cake decorating.

I believe all children have a right to learn in a comfortable, safe, and stimulating learning environment that embraces diversity and encourages respect, cooperation, and participation.

I am looking forward to a wonderful year filled with learning, laughter, creativity, and a lot of special memories.

Teacher Contact Info

I will use Seesaw for classroom updates, information, and to share photos. Please download the app and connect to your child's account if you haven't already. Please message me if you have any questions, comments, or concerns.

Literacy

UFLI Foundations: a research-backed reading program to give students a strong foundation in reading and spelling. Students will be taught step-by-step how to connect sounds directly to letters, blend sounds smoothly to read full words, and break words down sound-by-sound to spell them correctly.

Daily 5: Students will choose between read to self, read to a partner, listen to reading, word work, and work on writing.

each

Writing will focus on building confidence as students use capitals, spaces, and punctuation to turn their ideas into sentences.

Math

Students will be working independently and in small groups to develop their strengths and to accommodate their learning needs.

- Number Sense & Number of the Day
- Patterns and Relations
- Shape and Space
- Measurement
- Problem Solving & Mental Math

Social Studies

Students will complete an interactive social studies journal exploring connecting and belonging. There will be three units of study: I Belong, My Environment, and Connecting with Others.

Science

We will explore Manitoba's new science curriculum. Students will explore the world around them to observe nature, discover energy, and investigate seasonal changes to build their science literacy.

Art

Students will have fun being creative with different art mediums, tools, techniques, and processes to create their own unique art pieces.
