

Dear Parents, Guardians, Caregivers, and Families,

Happy New Year and welcome to 2026! We hope the holiday season provided time for rest, joy, and meaningful moments with family and loved ones. It was truly a pleasure to welcome families back into our school for our winter celebration performances. Seeing our students share their talents was incredibly special. The pride, effort, and enthusiasm shown by our students and staff were evident, and your positive feedback and support meant so much. A heartfelt thank you to everyone who contributed to making this school-wide celebration such a memorable and successful event.

I would also like to take this opportunity to congratulate Mr. Gaston Lopez Ficher on his official appointment as Vice Principal of Mulvey School at the December 15 Board of Trustees meeting. We are very excited to have Mr. Gaston continue in this role and look forward to his ongoing passion for education, his dedicated work with students and families, and the many skills and strengths he brings to our school community.

As we move forward into the heart of the school year, the months leading up to March Break represent an important period of learning and growth. Teachers are continuing to focus on curriculum outcomes and supporting each student's academic development. Should you have any questions or wish to discuss your child's progress, please don't hesitate to reach out to your child's teacher to arrange a conversation.

Together, we are stronger. When home and school work in partnership, students benefit in meaningful ways. Here are a few simple strategies families can use to support learning at home:

- Talk with your child regularly about their learning and school experiences
- Read with your child daily and encourage quiet reading time each evening
- Establish a consistent time and space for homework and schoolwork
- Ensure your child gets adequate sleep and rest, as this supports focus, memory, and overall well-being

Thank you for your continued partnership, trust, and support of Mulvey School. We look forward to all the learning, growth, and special moments that 2026 will bring.

Wishing you and your families a happy, healthy, and successful year ahead.

Warm regards,
Mr. P. Correia

WSD Land Acknowledgment and Commitment to Action

"The students, staff, and communities of Winnipeg School Division are committed to truth and reconciliation through building relationships with Mother Earth, the original peoples of this land, and the stories that bring us together. We acknowledge the place in which we gather is on Treaty 1 territory, the homeland of the Red River Metis, and the ancestral lands of the Anishinaabe, Ininiwak and Dakota Oyate peoples."

Mulvey Moments

Monday	Tuesday	Wednesday	Thursday	Friday
Please note that our menu might change based on the availability of ingredients from our suppliers. We do offer vegetarian and gluten-free options every day. We appreciate your understanding and will keep you updated on any changes. Thank you for your support

Acts of Recognition (AoRs)

Acts of Recognition are given to students for achieving personal, academic, or social goals. We use the Seven Teachings to help students name their goals. This may be when a student goes beyond regular expectations or continually demonstrates skills and/or behaviours that contribute to making Mulvey School S.A.F.E.

The following 38 students received Acts of Recognition stickers in the month of December

Some students were nominated for more than one act, but have been counted once.

We are happy to accept Acts of Recognition from home and the community. If you would like to nominate your child, or any student parent, community member, please email Mr. Correia (pcorreia@wsd1.org) or Mr. Gaston (glopezficher@wsd1.org)

Room 20– Ms. Mackenzie

Welcome back to school! We're excited to start 2026 together and look forward to all the learning and fun ahead. Thank you to everyone who joined us for the Winter Concert. The students shone brightly on stage with their singing—it was wonderful to see their hard work and confidence celebrated!

In English Language Arts we will continue to work on editing, paragraph writing and reading skills. We will continue to work on various number concepts in Mathematics, including adding and subtracting higher numbers, with regrouping.

We encourage families to enjoy home reading each evening. Just 15–20 minutes of reading helps students strengthen and grow their skills. Sharing a book together is also a cozy way to spend these chilly January nights!

**Room 17– Ms. Luka**

Happy New Year! December was a short month but we were able to fit in a lot of fun activities such as the winter concert, a school-wide morning of fun at a nearby high school and a special pancake breakfast!! We are working on our telling time unit in math and have been continuing to practice our mental math strategies and work on our fact fluency! We have been practicing how to write informational reports as well as practicing our comprehension strategies that will help us grow as readers too! We will continue on our journey learning all about Canada.

**Room 5– Mrs. Cruzada**

Our participation in the school's Winter Concert was a fun and exciting experience for all of us. We performed a dance and sang the lively tune of "Jingle Bells" by Gwen Stefani, and we hope you enjoyed our presentation as much as we enjoyed sharing it with you. Happy holidays! Enjoy the warmth of your family this season, and we wish everyone a joyful celebration and a bright, hopeful New Year.

**Room 21– Mr. Storey**

What an amazing winter concert! We owe a big thank you to Mr. Grieve, our music teacher, for all the hard work he put in to teaching all the students their songs. We should also acknowledge all the hard work the students put in to learning the songs and actions. The performances were spectacular, and we are all immensely proud of how well they did.

December has continued to be a month of intense learning. The students finished up their poetry project, and some of those were on display in the gym during the winter concert. The students learned different rhyming patterns and strategies to find rhyming words for their lines. Our poetry theme was winter, and we saw many poems about things the students love to do during winter.

We also finished up our science unit on light with a science fair where the students got to do activities that they had learned during the unit. We refracted lasers, reflected light, and created optical images that boggled the mind.

We look forward to welcoming all our students back in January. We will be beginning new units in science and social studies and continuing our study of addition and subtraction in the new year.

Room 13– Mr. Kussin:

Welcome back to all the students! I hope everyone had a restful, joyful and happy holiday. It was wonderful to see each class's performance in this year's presentation of our Winter Concert! I would like to thank all the students in the class for all their hard work and dedication to their performance. There were many steps and movements that the students had to learn, and they had fun in the process. We hope you enjoyed their performance! This month is the beginning of a very important block of learning. We will hit the ground running so that we can maximize our learning. We will continue to build and expand our skill set and expand our knowledge in all subject areas. We will be investigating flight and looking at the principles and forces that affect flight. We will continue to learn about the history of Canada including important historical world events. In Math we will be building our skills and understanding the concepts of the operations, particularly multiplication and division. We will also improve our understanding of equations that involve variables. In Language Arts the focus will continue to be on reading comprehension, especially expository texts with emphasis on improving our writing skills.

We are looking forward to a lot of learning this term!

Room 6– Ms. Abraham:

In ELA and Social Studies, students are learning how to safely describe themselves and communicate who they are. They are practicing introducing themselves and answering simple questions about themselves using complete sentences. Some students have also started learning how to write about themselves by sharing personal details in their writing. In Art, students worked on holiday crafts, as well as drawing and coloring activities to express their creativity. In December, we started learning about 2D shapes. Students learned to identify circles, oval, squares, triangles, rectangles and more through drawing and other manipulatives. In January, students will continue exploring the characteristics of shapes, identifying and recognizing shapes in their environment and everyday lives. We are also happy to share that our class is participating in the Winter Concert! Students are excited to showcase what they have been practicing, and we look forward to celebrating their hard work.

Room 23– Mr. Wiens:

December was a busy and exciting month. Of course, we had our winter concert which the students enjoyed practicing and performing "Jingle bells". We also created beautiful paintings of nighttime and sunset snowmen. In science we started our unit of learning about animals and became Polar bear and Walrus experts. In January, we will dive deeper into learning about animals that we are interested in. Happy new year!

Room 19– Mr. MacDonell:

December flew by, and suddenly the holidays are here! Our classroom has been full of excitement as we enjoyed many fun holiday activities, including holiday breakfasts, festive art projects, and lots of practicing for our winter concert. The students have been working hard and showing great enthusiasm during this busy time. In Math, we wrapped up our work with multiplication and have begun learning about division. Students are practicing sharing and grouping strategies to help build their understanding. In Social Studies, we continued learning about the early explorers of North America, exploring who they were, where they travelled, and why their journeys were important. In Science, we are just starting our new unit on properties of and changes in substances. We will dive deeper into this unit in the new year through hands-on experiments and investigations. In ELA, students are finishing up their independent novel studies. Their final reports will combine a variety of activities into one culminating project that showcases their understanding of the novel they read. Please remember to encourage your child to continue reading at home and to complete their reading logs regularly.

Wishing everyone a happy and restful holiday season and a great start to the New Year!

Room 18– Ms. Vande Graaf: Welcome back and Happy 2026!!! We hope you all had a safe, restful and enjoyable holiday break. Thank you to all of those who were able to come to our Winter Concert. We had a lot of fun learning our song and practicing all our moves. It was a great concert and the students were proud to showcase their hard work. We had lots of fun in December making lots of different pieces of art. We hoped you loved the wooden snowman we brought home. We are going to hit the ground running in January with a lot of learning. We will be focusing on number operations in math, specifically multiplication and division. A great way to practice multiplication facts is to play a dice game or a card game. We are learning a few different ones in the class that your child can show you. In Social Studies we will start working our way through the history of Canada. We call it S.S.S.S. or Super Speedy Social Studies as there is so much to learn. In Language Arts we will keep working on our paragraph writing and editing skills. We will also begin a poetry unit so stay tuned to see some of our great poems. Stay tuned to hear about what we will be learning about in Science. We are in discussions about a few different inquiry topics and will let you know when we make our final decision!!

Room 2– Mrs. Schneider: Welcome back! I hope you had a wonderful holiday season. The students will study about Winter Animals. We will do an inquiry learning discussion about polar bears and penguins. We will watch video presentations about how these animals survive and adapt in their environment. We will also do art and crafts related to these winter animals. As we move into the exciting second term of our Kindergarten Journey, we enter into our magical theme, "Winter Wonderland". Over the next few weeks, your child will be involved in a variety of activities, including sorting mittens, creating mitten patterns and ordering mittens from largest to smallest, sequencing winter activities, and counting buttons on snowman. For Science integration, we will identify and discuss the characteristics of the four seasons. For art integration, we will create frosty winter scenes and recite winter poems and songs. Our Play Area will be a puppet theatre, where student will use a collection of puppets to act out their winter stories. The Listening Centre and Reading Centre will continue to provide literature-rich environment filled with fiction and non-fiction books for our Winter theme. Other exciting activities at our Tactile Centre will engage all the students as they investigate, wonder, and discover the magic of the winter season.

The students will be having fun and learning at the Veterinarian Clinic in our classroom! Once again thank you for your continued support!

Room 3– Mrs. Blatt: Welcome back! I hope everyone had a wonderful holiday season. Thank you again to all the families for coming out to the Winter Concert! It was such a special and memorable event, and the students' hard work was evident during their amazing performances on stage! During the month of December, we had so much fun participating in many different arts and crafts including our snow globes, marble art snowflakes, as well as our "hot chocolate shop" project. Each day, we build number sense by counting together and using math words such as *more*, *less*, and *equal*. Using snowflake connectors, we created colourful patterns exploring how patterns can change and repeat. We also enjoyed reading a few different versions of familiar fairy tales, noticing their similarities and differences, and had a wonderful time acting out one of the stories as a class. This past month, students have learned how to identify, print, and sound out the letters Dd, Cc, and Kk. We have also been having fun rotating through our winter themed discovery centres, where students can practice literacy, numeracy, fine motor, and innovation skills in a creative and interactive environment. January will be a snowy month, so stay warm by curling up inside with a blanket and try to read a story every night. I am looking forward to another exciting learning month! Happy New

Year!

Room 22– Mrs. Kamara: Our class was very busy in the month of December. We were busy becoming experts in telling time and learning new math strategies! The class had so much fun making our Fact Family Gingerbread Houses. I challenged them to come up with the biggest Fact Family they could. We had some in the hundreds and even some in the thousands! The class has also been working very hard on our science unit on Animals and practicing our vowel combinations in English Language Arts.

The class also had a wonderful time in December performing in our Winter Concert and completing a variety of fun winter craftivities! We created water colour window silhouettes that turned out beautifully!

In the month of January, we will be working on our unit in Social Studies on Communities in Canada. In Science we will be learning all about Position and Motion, and in Math we will be starting a unit of Fractions.

Room 1– Mrs. Husack

Happy January! In December, we talked about the changing season and how official first day of Winter is on December 21st! Students were also enjoyed getting ready for the winter musical, Snow Much Fun!

In English Language Arts, we continue to have our Literacy Power Hour. It's been wonderful observing students gain more confidence in their reading skills! We have also continued to work on our writing. We have made amazing progress in our writing. We have been focused on adding more details to our sentences and experimenting with using different punctuation. In Math, we have spent more time talking about ways to make 10 with our friendly number pairs. We started working in our math centres to use our addition strategies to help us solve more challenging problems. In Science, we wrapped up our senses unit with a virtual presentation from Scientists in School. In Social Studies, we have been talking about our province and what makes it unique and special.

For the month of January, we will continue practicing sentence writing through weekend news and creative writing. In Science and Social Studies, we will begin a new unit where we will explore how living things depend on and interact with their environment, seasonal adaptations, and human responsibility for care.

Thank you to all our families for attending our winter musical. It was a wonderful evening full of joy! I look forward to seeing all the students back on January 5th for another block of learning!

Welcome back to Ms. Brenna's Artists Alley!

Welcome back to Ms. Brenna's Artists Alley! What a productive December we had. It is hard to believe that the winter break has come and gone!

As we closed out 2025 together in the art room, we take a moment to have a little fun and to celebrate together. We did this by having each student plan, design, create and finally eat a gingerbread person. This Mulvey art room tradition is not only a exciting way to celebrate the season and wind up the year together, but also teaches students important skills about creating labeled diagrams that provide important information to the people who view them. Not to mention that we all have a whole lot of fun together. Let's take a look at a few pictures of our celebration in this month's Artist Alley!

With so many exciting things on the go, it is hard to believe how quickly this first part of the school year has past! I wish you and all your loved ones a very happy New Year, and look forward to an exciting January!

Welcome to the Music Message Mr. B. Grieve

Happy holidays and happy New Year from the Music department! Thank you to everyone who attended and supported our Mulvey music makers at this year's Winter Concert. The students were proud of all their hard work and were very excited to perform for you all on the big stage. It was a delight to see everyone there!

On December 12th, our Choir had the wonderful opportunity to go on tour to give back to the community by performing at Tuxedo Villa, Fred Douglas, Prime at Misericordia, and Venvi Portsmouth. The social act of music-making helps students to appreciate and connect with others, promote personal and social responsibility and leadership, and prepare and inspire future citizens of the world. Our choir had a wonderful time, filled with laughs, positive energy, and meaningful connections. Bravo Choir!

With the New Year upon us, here are some ways to help support your Mulvey music learner at home: whenever appropriate, have music playing in your home, actively listen to music (high/low, slow/fast, quiet/loud), encourage your music learner to sing and dance, read stories with a music theme, and whenever possible, attend a live music event.

Rhythmically yours,
Mr. G

During the month of December, the emphasis was on fitness and the acquisition of manipulation skills (i.e., striking) as they apply to volleyball (for grades 4 to 6) and simple games and activities such as polo hockey, T-ball and balloon activities (for N/K to 3). In addition to this, students have been engaging in a variety of holiday games and activities to improve movement skills, personal fitness and enjoyment. In January, students will focus on manipulative skills (i.e., throwing, catching and bouncing) and applying them to basketball (for grades 4 to 6) and low organized games (for Nursery to grade 3).

CLUB ACTIVITIES:

Volleyball: Sixteen Mulvey students in grades 5 & 6 took part in a **volleyball tournament** hosted by **Laura Secord School on December 5, 2025**. We extend our gratitude to all participants for representing our school with excellent sportsmanship.

Soccer: Thirty-four Mulvey students have been representing our school in the **Annual Inner-City Indoor Soccer League** held at the University of Winnipeg during lunch hours. Our upcoming game in January is set for January 16, 20, 22 & 30, 2026.

Skate Club: 49 Mulvey students have been practising skating every Tuesday during lunch hours since November 18, 2025. The club activity will continue until February 24, 2024.

Basketball: Our school will be participating in the **Inner-City Basketball League**, with more than 30 schools expected to take part. Games will be played during lunch hours at the **Canada Life Centre** from **January 19 to March 25, 2026**.

Intramurals: In addition to our Physical Education classes, students will be given opportunities to participate in our "Before School" as well as "Lunch Hours" Intramural Activities to develop movement skills, personal fitness, and enjoyment. **Dodgeball Intramural** starts the 1st week of February. It will be open for grades 4 to 6, and more than 46 students are expected to participate. Please refer to our monthly Intramural calendar.

Justine Kiwanuka Work
Schedule at Mulvey School

Tuesday AM/PM only
Wednesday AM/PM only
Thursday AMPM only
Friday AM/until 2:30 PM

Happy New Year to you all! I hope you had a restful and enjoyable Winter Break. As we return to school, we kindly ask for your continued support in reminding children to dress warmly for the winter weather. Please ensure that students wear warm jackets, gloves or mittens, hats, and neck warmers or scarves when going outside and when coming to school.

Thank you for working together with us to keep our children safe, comfortable, and ready to learn during the winter season. We look forward to a wonderful start to the new term!

Planned Programs and Activities:

A few programs and activities are listed here, but we will be having more as time allows.

(EAL) English Conversation Classes:

The (EAL) English Conversational classes will continue in the new year. As before, the class is scheduled for 2:00-3:30 pm every Thursday at Mulvey School. Everyone is welcome to register and join the classes. If you are interested or know any Mulvey School parents who wants to take an EAL class once a week, please email Justine at my email: jkiwanuka@wsd1.org. Please know that if your child is on the bus or walking bus and you want to go home with your child, please notify the office at least 1 hour notice. The office will make sure the kids are waiting for the parents and the bus will be notified.

Food Rescue:

The Mulvey Food Rescue program, the hams, is every Wednesday at 8:45 a.m. The hams distribution will be starting on Wednesday January 7, please bring your own reusable bags. We still do not know when the potatoes, bread and snacks will be available. Please be patient with the process and we will keep you updated about any changes. Weekly notices about the hams will continue to be shared through the school messenger every Tuesday afternoon.

Mulvey School Multicultural Family Fun Cooking Program:

As you know, once a month we continue to travel the world together through our Mulvey School Multicultural Family Fun Cooking Program. During our most recent session, we traveled to the Middle East, where families had a wonderful time cooking and enjoying Chicken Shawarma, a traditional Middle Eastern dish. It was a fun, engaging, and delicious experience for everyone involved!

In the new year, we will continue our culinary journey around the world via Google Meet, cooking together and sharing a variety of recipes from different cultures and countries. If you are interested in joining the Mulvey School Multicultural Family Fun Cooking Program on Google Meet, please email me during the first week of each month to register.

We look forward to cooking, learning, and traveling the world together—right from our kitchens! To register, please contact me at: jkiwanuka@wsd1.org.

CPR/First Aid Training Program:

The CPR/Trainings we have had went very well. We do the training in the school and after the training you receive a certificate on completion. I will be able to coordinate this again if there is any interest. Please let me know, if you would like to take the training.

Community Support Worker
Justine Kiwanuka

Email: jkiwanuka@wsd1.org Phone: 204-786-3469

Justine Kiwanuka Work
Schedule at Mulvey School

Tuesday AM/PM only
Wednesday AM/PM only
Thursday AMPM only
Friday AM/until 2:30 PM

Food handlers Training Program:

Every now and then we host a Food Handlers Training Program in partnership with Manitoba Harvest and would love for you to join us! Whether you want to sharpen your skills for home cooking, help with school events, or place it in your resume, this training covers everything you need to know about keeping food safe.

Interested in a certificate? If you would like to earn an official Food Handlers Certificate through this program, please reach out to us in the school! We can arrange for your certification upon completion, which is a great addition to any resume.

How to register: Let's work together to keep our community healthy! Please contact me at the email below.

Winter warm wear:

Subject: Staying Warm: Winter Gear Available & "Koats for Kids" Orders

With the colder weather upon us, we want to ensure every student stays warm and comfortable during outdoor activities and the commute to school.

Available in the Office: We currently have a selection of winter gear—including jackets and snow pants—available right here in our office. Please note that these items are gently used rather than brand new, they are in good condition and are ready for use.

Koats for Kids Orders: In addition to what we have on hand, I am still able to help families place orders through Koats for Kids. If your child needs specific sizes or items we don't currently have, please reach out to me directly.

How to get help: If you or your children need winter wear, please do not hesitate to contact me at jkiwanuka@wsd1.org. All requests will be handled with care and privacy depending on availability. We are here to assist and want to make sure everyone is prepared for the winter season!

Ms. Justine Kiwanuka, Community Support Worker, 204-786-3469, jkiwanuka@wsd1.org

Canada Revenue Agency (CRA) Clinic

This CRA clinic offers one-on-one help. Register to reserve a spot. You can register by phone, online or at any Winnipeg Public Library.

This clinic helps with the following services only:

- Applying for benefits (CCB, GST, DTC)
- Answering personal tax questions (no trusts, business or farming)
- Updating information (address, direct deposit, contact information)
- Printing letters or Proof of Income Statements (Option C)

Registration opens 2 weeks prior to event date at 10 a.m. You can register for one CRA clinic only at a time. On the day of the CRA Clinic, the order of when you are seen will depend on when you check in at the branch. Check in starts 30 minutes prior to the clinic start time. Limited walk-ins will be taken if time allows, or if spots are not yet filled.

January Family Challenge: The family who invites the most new children to the joy of Homework Club (1.5 hours) this month wins a massive family prize!

Notes

Homework Club Month

Be the family to get the most new children to participate in Homework Club this month!

Invite any and all children age 4+ to participate in Homework Club that have never been at WBVO before.

Your family will receive a gold star every time that child completes 1.5 hours of work in Homework Club.

And finally, the family to earn the most gold stars will win a prize during the last Homework Club of the month!
