

January 2026

Dear Parents/Legal Guardians,

Vaccines have been shown to be a safe and effective way of protecting children from diseases. It can also protect other people who cannot be immunized due to certain health conditions. It is thus very important to make sure that your child is up to date with their immunizations.

We strongly recommend that children between 4 and 6 years of age receive the following immunizations:

Vaccine name	
Measles, mumps, rubella and varicella vaccine (MMRV vaccine)	Preschool
Diphtheria, tetanus, pertussis and polio vaccine (DTaP-IPV vaccine)	Preschool

Please check your child's immunization records to see if your child is up to date. You can visit the Manitoba Health website to know more about routine immunizations for infants and children (<https://www.gov.mb.ca/health/publichealth/cdc/div/schedules.html>). You can also discuss this with your primary care provider.

If your child needs immunization/s, your primary care provider (family physician or pediatrician), a walk-in doctor, a nurse practitioner or a public health nurse can provide them.

If you do **not** have a copy of your child's immunization record, you can call the WRHA immunization records request line at (204) 938-5347 or online at <https://forms.gov.mb.ca/immunization-update-request/> (select *Complete Immunization Record*).

If you are new to Manitoba, you can provide a copy of your child's immunization records to your local public health office or you can submit directly online at: <https://forms.gov.mb.ca/immunization-update-request/>. These records will be entered in the Manitoba immunization registry.

If you have questions or do not have access to a health care provider to immunize your child, please call your local public health office at 204-938-5000 and ask to speak to a Public Health Nurse.

Sincerely,
River East Public Health Team

Recommended Immunization Schedule for Infants and Pre-School Children

Vaccine/Antibody Product	Age of Child						
	At birth	2 months	4 months	6 months	12 months	18 months	4-6 years
