Dear Families,

We have had a great month of September, meeting and getting to know staff, students, and families at Shaughnessy Park School.

We are so lucky to be having such warm weather at the end of September. The colder weather is starting soon and with that comes colds and flus. We want all students to come to school every day, but please make sure your child stays home if they are feeling sick. If a student is coughing and not feeling well, we will be calling home for them to get picked up.

We will have two different times this month to meet us. On Monday, October 6th, at 9:15 AM will be Coffee with the Admin Team, where families can come out and meet us. Then, on Thursday, October 16th, at 5:00 PM we will have our first Parent Advisory Council (PAC) meeting. Both meetings will be in the Parent Room. We invite all who can attend to come to one or both meeting times.

Student learning is important to us and we want to make sure that we work together with families to make sure that students are excited about their learning. If you want to ask questions or want to share some information with your child's classroom teacher, please see them before or after school. If you cannot make it in person, please call the school office and leave a message. The teacher will call you back.

Winnipeg School Division is committed to safe, respectful, and focused classrooms. Smartphones and other mobile devices—like tablets, smart watches and smart glasses—can support learning, but only when used responsibly.

Our guidelines follow the direction of Manitoba Education and Early Childhood Learning.

Early and Middle Years (Nursery to Gr. 8)

- Students are not allowed to use mobile devices during the school day.
- Devices must be left at home, in backpacks, or stored in lockers.

Mobile Vision Care Clinic

We will be hosting the clinic once again this year. Please watch
for the forms to fill out so your child can get their eyes checked.

Did you know...

- One in three children entering school has a vision disorder.
- Many children accept poor vision and other eye problems because they do not know that their eyesight is not the same as other children.
- Optometrists recommend that children receive an eye examination once a year.
