

OCTOBER NEWS

GREENWAY SCHOOL 2026

There has been a lot of exciting learning, leadership, and community connections that have taken place already this school year!

LEADERSHIP

Our new school patrols have begun their training and are preparing to help keep our school community safe. We are also excited to welcome back the Compost Club, where students are helping reduce waste and care for our environment.

TERRY FOX RUN

This month, our school community proudly participated in the Terry Fox Run. Students learned about Terry Fox's incredible perseverance, determination, and belief in making a difference for others. As students ran, walked, and cheered each other on, they demonstrated many of the same qualities that Terry exemplified. We are grateful to all families and community members who supported this important event and helped us honour Terry's legacy of hope and courage.

GREENWAY SCHOOL 2026

WSD POW WOW

A highlight of the month was the opportunity for students and staff to participate in the School Division Pow Wow. This special event provided a meaningful opportunity to celebrate Indigenous culture, traditions, music, dance, and community. Students learned about the significance of the Pow Wow and experienced the joy of coming together in a spirit of respect, learning, and celebration.

NATIONAL DAY FOR TRUTH AND RECONCILIATION

As we approached the National Day for Truth and Reconciliation, students engaged in age-appropriate learning opportunities that deepened their understanding of the history and ongoing impacts of residential schools in Canada. Through stories, discussions, artwork, and reflection, students learned about the importance of truth, reconciliation, and building respectful relationships. We were proud of the thoughtful and caring conversations that took place throughout our school as we continued this important learning journey together.

Thank you for being part of our amazing school community!

Ms. Boulton and Mr. Olfert

New on-road school zone markings

We are painting on-street markings on roadways in school zones. They will help make school zones more visible to drivers.

We are piloting the markings at five locations this fall. The school zone near you is one of them.

We will monitor traffic over the next few months to see if travel speeds go down in the area. Please continue to follow all signage and drive the speed limit.

We all have a role in helping kids get to and from school safely.
