Reminders for this WEEK	As we move into cold and flu season, we ask for your support in helping keep our school community healthy. Please remind your child about the importance of regular hand washing, covering coughs and sneezes, and dressing appropriately for the colder weather. Regular attendance is an important part of student success. We know that students learn best when they are at school, engaged in learning, and connected to their classmates and teachers. Staying healthy plays a big role in making that possible. As a Weston Hawk, we strive to be kind, caring, and respectful in the way we treat one another. We encourage students to speak up when something has hurt their feelings and to seek support from an adult when they need help. When home and school share the same message and work together, we help our children learn empathy, build positive relationships, and grow into caring human beings. Thank you for being our partners in this important work.
