

AMVC Parent Advisory Council

November 7, 2023 Agenda

1. Huddle Presentation -we were very fortunate to have The Huddle come to our building to inform us of all the services that they offer our communities and youth. Please see the attached documents for more information.
2. Tri Conferences were held on November 2. The idea behind offering the conferences earlier was to be proactive in notifying parents/guardians of the strengths noted in our students and help identify any struggles that students may be experiencing so that we plan together to help support them. Feedback from parents, students and teachers was positive. We look forward to our spring conferences which will have the same format with a few tweaks to the scheduling that will help things flow easier.
3. Report Cards – will be sent home via email on November 27th. Please contact the office if you require a paper copy.
4. Fundraising -our new PAC are excited to begin doing some work in the area of fundraising. Stay tuned for more information once the PAC is up and running with all the necessary paperwork and documents in place to begin their work.

Next meeting: December 5, 2023 at 5p.m.
