

Program Studies for all Grade 8 Students

Core Courses

Language Arts

Mathematics

Science

Social Studies

Physical Education/Health

Practical Arts (@Sisler High School)

Grade 8 Students will be assigned to 2 Resource Periods during their option Block. Our goal is to provide students with the opportunity to practice and improve their core subject skills, with an emphasis on math and English.

Grade 8 Options Courses

**Please select options by numbering your
3 choices in order of preference.**

Students can be placed in 2 Option Classes for the year

Grade 8 Options Course Summaries

BAND Students in Grade 8 Band learn to read and perform music on their chosen band instrument. The Grade 8 Band performs at school concerts for friends and family. Students enrolled in Grade 8 Band will be supplied with an instrument, supplies and music to use during their time in band.

ART Grade 8 Art is a hands on course that introduces students to some of the basic elements of art (line, shape, form, color, space and texture). Students will work towards developing and practicing their drawing, painting, printmaking, craft and sculpture skills while using a variety of art mediums. The intention of this course is for students to develop their very own personal styles and appreciation of the visual arts.

TECHNOLOGY Grade 8 Technology is a continuation of the exploratory course from Grade 7 where students were introduced to basic computer and multi-media skills, robotics, digital photography and the use of technology in educational settings. Students will have hands on opportunities to become familiar with many forms of digital media throughout this course.
