

AAHS Grade 12 Physical Education Course Outline (PHER 4F)

Teachers: Taylor Homenick

Room: 109

Overview and Course Aims

The grade 12 Physical/Health Education course is a mandatory course that educates students on ways to incorporate activity into their every day routine in hopes to keep activity and health a priority moving into their adult years. This course has both in-class and out-of-class requirement. To receive this credit a student must complete 30 in-class activity hours, 55 in/out-of-class flexible activity hours, both at a moderate to vigorous level and with appropriate documentation and 25 hours of health, that take place during regularly scheduled periods.

Course Content

The grade 12 Physical/Health Education course has five Module Core areas of study, each with lessons that must be completed to obtain a credit.

1. Personal Fitness Plan and Fitness Management (Personal Physical Activity Plan)
2. Nutrition
3. Personal and Social Management (Impact of sport on society, positive and negative sporting behaviours)
4. Healthy Relationships

Class Expectations

Students are expected to be on time for class and ready to learn. Students are encouraged to bring active clothes for class (shorts, sweats, t-shirt). Students are required to have appropriate footwear for physical activities. A variety of instructional methods will be used including: teacher directed activities, group collaboration and activity exploration, individual and group work. Various technologies will be used to enhance learning as well. Due to the limitations of Argyle Alternative High School our program has a large off campus portion, students are expected to be display exemplar behavior as outlined in the Behavior Agreement

Learning Blocks

Our school year is split into seven (7) learning blocks, creating shorter periods to manage and create goals for. In PE, you can expect to complete one (1) health module, 5-10 (gr 11/12) in class hours and 10-15 (Gr 11/12) out/in of class hours. If you meet these expectations, you can obtain a credit in 4-5 learning blocks.
