

SUPPLIES

Please remember to send **\$35.00** school supply fee with your student as soon as possible. This money pays for the supplies your child uses on a daily basis. These supplies are essential to your child's success at school.

WISH LIST

As we continue to move into a post-pandemic life, it is asked that we still check with students in the morning on how they are feeling. It is important that we also continue proper handwashing.

SCHEDULE

8:55am – School starts!
10:45am or 11:00am – Recess
12:00pm – Lunch
12:55pm – Afternoon Starts
2:15pm – Recess
3:30pm – School is done!

Students are asked to enter from the North Doors of the school. Our morning recess is different based on the school day cycle!

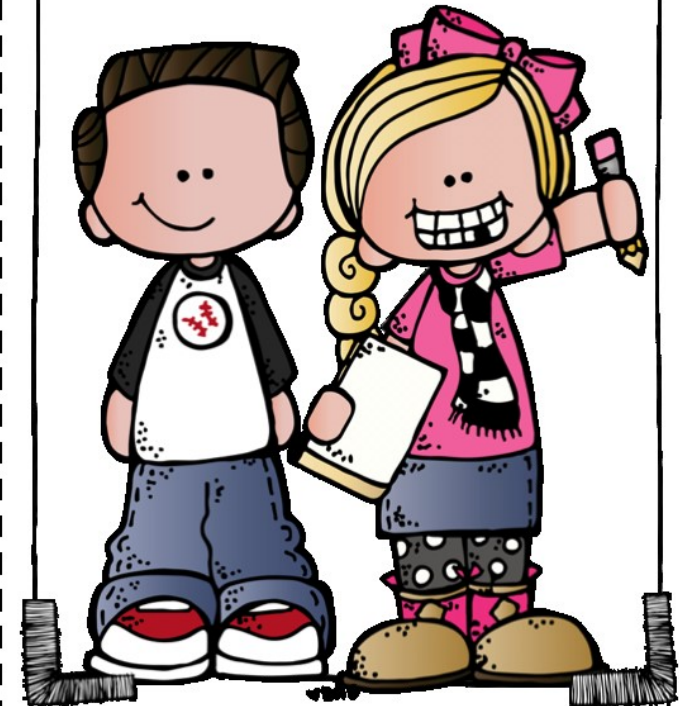

CONTACT INFO

Feel free to contact the school to set up at meeting at 1-(204)-586-5139
or by email
aclearwater@wsd1.org

Welcome to

Room 209 Grade 5/6

BEHAVIOR

At Champlain School and in Room 209, students are expected to:

BE SAFE

BE RESPECTFUL

BE READY TO LEARN!

We also create classroom expectations for Room 209. Our goal is to create a positive learning community, where everyone feels safe! We are also role models in the school!

HOMework

This year, I will not be adding work for students to do onto Google Classroom. Students may have activities to do in Google Classroom, however they will be given time in class to complete them.

If you would like your child to have some extra reading at home, please let me know and I can arrange that.

MATH

Throughout the year, we will develop a variety of mental math strategies for addition, subtraction, multiplication and division. Students will learn skills to develop their number sense, use patterns to describe the world around them, collect, display, and analyze data to solve problems.

This year there will be small group, whole group instruction, and individual practice to develop math skills.

LANGUAGE ARTS

This year we will be doing Daily 4 Reading Groups. This will include times for students to Read to Self, Read to Partner, Listen to Reading (EpicBooks) and Work on Writing. Students will also be in small groups working with Mr. Clearwater on targeted group goals. We will also talk about the elements in a story and what the 7 traits in writing are

SCIENCE

In Science, we will be looking at the skills of Scientific Inquiry (asking questions and researching answers) and Design Process (identifying problems and developing plans to address these problems).

The topics covered are:
Properties of and Changes in Substances
Forces and Simple Machines
Flight
Weather

SOCIAL STUDIES

In Social Studies we will be exploring Canada and its history. Starting off we will be discussing and learning about Residential Schools and their impact on indigenous peoples. We will then look at life prior to first interaction with Europeans. We will move into colonization and its impact. What the Fur Trade was about. And finally discussing the nation that is Canada today.
