Grant Park Cell Phone Policy:

Cell phones can be used as a learning/teaching tool in classrooms under the supervision and direction of teachers. Cell phone use is at the discretion of the teacher. Cell phones are never to be a distraction to the learning of individual students, students and teachers at any time.

Photos or videotaping are prohibited at all times unless permission has been granted beforehand.

When a student is using a cell phone inappropriately, the following steps will be taken:

1. Teacher will review the responsible use of technology policy and the already discussed cell phone rule for the class.
2. If the problem continues, the teacher will confiscate the cell phone until the end of class. The cell phone will be returned to the student at the end of class. The teacher will indicate this infraction in Mayet notes.
3. If the problem still continues, the teacher will confiscate the cell phone and will bring it to an administrator. The administrator will meet with the student at the end of the school day. The policy will be reviewed. If there is another infraction, the phone will be brought to an administrator, the student's parent/guardian will be contacted. All communication will be entered in Mayet notes.
