

# You are Awesome

Yes. You. You really are.

You matter more than you know.

You are more amazing than you think.

More capable than you believe.

You can love more than you can imagine.

You can make a difference.

You can be fierce to protect those you love.

You can make mistakes, get up and try again.

You can learn and grow.

Remember you don't have to do it all alone.

You can be warm, kind and loving.

You can be happy, sad, angry, worried.

Or any other thing you need to be.

It doesn't change a thing  
if you are flawed or scared.

Be confident. Be Brave.

Be YOU because

# You Are Awesome

We would like to express our heartfelt gratitude to each member of our school community for another remarkable school year.

Thank you, families for your unwavering support and involvement. You have been instrumental in the success of École Riverview School and of our students. Your partnership with our staff has created a nurturing environment where everyone can thrive. Thank you for trusting us with your child's education and for being an integral part of our community.

The commitment of our staff in fostering a positive, inclusive school culture has not gone unnoticed. Their passion for teaching and genuine care for our students makes École Riverview School a special place.

We are so proud of our students! They have worked hard and embraced challenges with determination. We are impressed by all that they have accomplished this year. Congratulations and farewell to our grade 6 students. We are excited for what the future holds.

## **École Riverview School Balanced School Day**

École Riverview School will be moving to a balanced school day model in September. A balanced school day represents an adjustment to how recess and nutrition breaks are distributed throughout the school day. The actual length of the school day remains the same but time within the day is "balanced" between two nutrition/activity breaks. The balanced schedule increases instructional time by reducing time lost during transitions. A balanced schedule allows for longer periods of time for students to eat and be active. With two scheduled nutrition breaks, families can plan for snacks/lunches that are nutritious, rather than focusing on snacks that are quick and convenient. Parents are encouraged to pack food separately so students know which food they should eat at each of the breaks and to ensure they have sufficient food for the day.

Some of the benefits of a Balanced School Day are:

- Maximize instructional time throughout the day due to fewer interruptions and transitions.
- Less conflicts due to transitions.
- More time to solve conflicts during longer recess
- Making time for good nutrition promotes good learning
- More time on task, longer work periods allow for more project-based learning.
- Children are not as hungry at the end of the day

### **2024-2025 ÉRS Schedule**

8:40 AM - Patrols on duty (no bell)  
8:45 AM - First bell  
8:50 AM - Second bell (students enter the building)  
9:00 AM - Playing of O' Canada  
11:00 AM - Start Health Break  
11:30 AM - End Health Break  
1:00 PM - Start Health Break  
1:30 PM - Staggered Health Break Bell  
2:00 PM - End of Health Break  
3:30 PM - Students dismissed

### **Classroom Configurations**

Teachers take a mindful approach to form classrooms and group students according to their specific learning and social/emotional needs. Although we appreciate that parents may have requests for their child, we will be unable to accommodate family requests as this will cause a domino effect. Thank-you for your understanding. Teachers have already started planning for next year and we assure you that your child will receive the best educational experience we can provide.
