A Creative and
Caring French
Immersion Milieu
School

Nursery to Grade 7

About Our School

Our students learn to understand, speak, read, and write French in a warm, creative, inclusive and stimulating French Immersion environment. Beginning in grade one, students receive one hour of English Language Arts instruction daily. We value our relationship with our students, families and school community. We have a supportive Parent Council and welcome new volunteers!

ÉSWO Programs

We follow the Manitoba Education curriculum. Our students receive instruction “en français!” Most students do not speak any French when they begin our school.

Students have opportunities to explore the arts, science and technology.

We promote the 4 C's, which are: *communication, creativity, collaboration* and *critical thinking*. We also offer a fun and energetic Physical Education program, and a creative French Music program.

Mission Statement

At École Sir William Osler, we are dedicated to working in partnership with our students and families to nurture an enriching French learning community, in a caring and safe environment, to ensure the success of all students. By creating a positive atmosphere and working collaboratively, we will guide and challenge all children to develop to their full academic, artistic, physical, social and emotional potential, and inspire a passion for learning in French.
