Sister MacNamara School 2024/2025 Room 216

Teacher: Kawser Ali kali@wsd1.org

Welcome to EAL

EAL

Students will learn about the grammar, editing their writing and how to be better readers and writers

Social Studies

Students will learn about Canadian culture, as well as exploring communities of the world and ancient societies.

<u>Science</u>

Students will learn about habitats, communities, plants and soil.

Students will also learn about the importance of recycling and protecting earth.

Health

Students will learn how to live a healthy, active life and how to get along with others. Students will be introduced to the seven teachings and how they apply to our lives

Art

Students will learn to make personal connections with previous experiences through visual art. Students will celebrate different cultures through singing, and dancing. Finally, students in the class will learn visual terms such as shapes, colours, textures and space.
