As we work towards reconciliation, equity and justice, we are committed to:

- Providing a safe and positive learning environment to enable all students to reach their full potential.
- Using best practices to develop students' skills in literacy, math, problem solving, collaboration, critical thinking and creative thinking.
- Ensuring all children flourish in our school and into the future, with a strong sense of self, belonging and well-being.

Parent and community involvement

Community Goals:

Our goal is to continue to increase the number of families who attend school events and who participate in our parent council. This past year, more than 75% of our families attended parent-teacher interviews, the winter and spring concerts, as well as our Community Barbecue in June.

Communication with Parents

- Parents are invited to attend student-led conferences as well as a “Meet the Staff” evening in September.
- The Family Room is open for parents to visit and participate in family-friendly activities.
- There is a monthly newsletter sent home with important dates and information.
- Parents and guardians are welcome to meet with their child’s teacher at any point in the school year.
