Hobbies: Volleyball, spending time with friends and family, playing pool, being active.

Bienvenue à la salle 108

My name is Amanda Toews and this will be my 9th year of teaching! I have been at École Sir William Osler for eight years now. I taught Music, Makerspace and Library in my first two years, and moved on to the classroom six years ago. This will be my sixth year teaching students at the grade 6 level. My goal as a classroom teacher is to create a fun and welcoming learning environment, and to generate excitement for speaking and learning the French language.
