

Hi there, I'm

Mrs. Black

Welcome to Room 216

I believe that every child has something special to share. In our classroom, we will work together to:

- Be kind and caring.
- Try our best.
- Make mistakes and learn from them.
- Celebrate our differences.
- Have FUN learning!

A little
about me:

- I love helping students become confident readers, mathematicians, problem-solvers, and kind classmates.
- One of my favourite things about teaching is watching students discover something new and say, "I did it!"

Some of
my favorite
things:

- I love to make crafts, read books and walk my dogs.
- I love coffee.
- My favorite food is pasta!

~~~~~

Let's make this a great  
year together!
