JUNE 2026

PRINCIPAL'S MESSAGE

Bonjour à tous !

And just like that, it's June !
The month of May was filled with fun and engaging activities thanks to the "**J'aime lire!**" committee. Throughout the month, students celebrated the joy of reading through a variety of special activities organized each week.

On Mondays, students listened to riddles during the morning announcements, while Tuesdays brought a joke of the day to make the whole school smile. Wednesdays were dedicated to recognizing and celebrating Canadian authors, giving students the opportunity to learn more about writers from across the country.

On Thursdays, surprise guest readers visited classrooms to share stories with students, creating memorable and inspiring reading experiences.

Fridays were also full of exciting activities, including “Stop, Drop and Read,” Reading Forts, and, to end the month in style, a dress-up day where students came to school as their favourite book characters.

Thank you to the “J’aime lire!” committee for organizing this wonderful month of literacy activities that encouraged a love of books and reading throughout our school community!

We also had our Island themed steel pan concert by our grade 5-8. "Music of the Islands," which took place last week.

Rooms 211, 214, 215, 202, 203, or 206, performed in a steel pan ensemble featuring music inspired by the sounds and culture of the Caribbean islands and coastal communities.

Our grade 7 and 8 students participated in Track and Field

Students started practicing in late April, even in the snow! The grade 7 and 8 athletes covered 13 different events over a two day event at the University of Manitoba.

Everyone put in the practice time and it paid off in the end as we brought home ribbons and placed in several events!

WSD SCHOOLS & HOT WEATHER

Winnipeg School Division has 78 schools, with some being the oldest school buildings in Manitoba. The average age of our school buildings is 70 years old, with 16 buildings over 100 years old.

The cost to install and make all our schools fully air conditioned is approximately

\$130 Million

32 facilities with full air conditioning

27 facilities partially air conditioned (i.e. only in modern school additions or gymnasiums).

19 facilities with no air conditioning

WSD includes air conditioning upgrades in our yearly 5-Year Capital Plan submissions to the Province.

Keeping students and staff cool

WSD implements the following techniques:

- Running ventilation systems early in the morning to cool schools before arrival
- Controlling outside air intake during the school day
- Using oscillating fans to create air movement
- Minimizing using overhead lights
- Switching off unused classroom electronics
- Closing shades to block direct sunlight
- Taking cool-down breaks between lessons
- Avoiding excess movement during midday heat
- Encouraging students and staff to stay hydrated
- Checking students and staff for heat-related health symptoms

Enjoying the Outdoors?

A quick reminder about ticks...

With the beautiful weather here, our kids are spending plenty of time exploring, playing sports, and enjoying the outdoors.

While we often think of ticks as only living deep in the woods or out on hiking trails, they can occasionally find their way into urban parks, tall grass, and even our school playground.

A great habit to start is a quick "tick check" at the end of the day when your kids are changing into pajamas or getting in the bath.

Just take a peek at their legs, arms, and hairline. It takes less than a minute, gives you peace of mind, and keeps everyone safely enjoying the sunshine.

For more information on what to look for and how to stay tick-safe this season, you can check out the resource link below:
