

Faraday School Stinger News March 2026

Principal's Message –

We are stronger together.

“You always gain, by giving love”.

~ Reese Witherspoon

Hello Faraday Families!

February was a very busy month of learning! We celebrated I Love to Read, Black history month, Louis Riel Day and continued to learn about our own cultures and identities, that make us who we are and such a strong school family. We also enjoyed following the winter Olympics by having our own Winter Math Olympics! We even had Milo and Cooper visit and read to our classes. The pups continue to be a hit amongst our students and staff. When learning is fun, joyous and filled with excitement, children remember the moments that make the learning extra special. Please ask your child what the best part of their learning was this month.

We continue to have monthly learning assemblies, and invite all families to join us, if you are able. It is special when we can come together as a school family and learn from each other. This builds our community and togetherness. On Feb.19th our Assistant Superintendent, Rob Riel joined us to share his Metis culture and traditions. He talked about his Metis vest and how it represents him as a person and his Metis culture. Every child at Faraday created their own vest – representing them as a person and a learner. The children did a beautiful job, and it was so special to see all the cultures represented and every child showing pride. We are a very culturally diverse school family, and together we are stronger!

Reminder that term two Student Led Conferences are happening on March 19th in the evening from 4-7 and the morning of March 20th. Please watch for the appointment times to come home. Every child will be sharing their growth portfolios with you, and we are excited to see our families back out to share in the wonderful learning.

We are waiting very patiently for our partnership with Splash Daycare to begin! All that is left is a permit to be signed by the city. Continue to stay tuned. We hope we can open very soon, fingers crossed!

We strive to keep the lines of communication open with all our families and always want to work alongside you for the betterment of your child(ren). Please reach out if you have any questions or concerns. We are here and want to help. 😊

On behalf of the entire Faraday School team, we wish you a healthy and happy November.

Take care,

Mrs. Cox & Mrs. Thomas

We love to what? what? what?
We love to READ! READ! READ!!!!

Mr. Thomas and Cooper came to read with Mrs. Thomas!

Room 7's March

NEWSLETTER

Dear Parents and Guardians,

These past couple of months have flown by! We have been very busy learning a lot and participating in some fun classroom and whole school activities!

Classroom Highlights

We were invited to go watch the Toy Symphony by Teacher Madly and students were in awe! We enjoyed going with our buddies!

We made Metis Identity Vests with our learning buddies and learned about tipis with Kookum Pam.

We participated in some Winter Olympics games too.

February was I Love to Read Month so we had some assemblies with special guests including Tyler Carr from Energy 106 and some fantastic dancers. We also won medals for reading! Milo and Cooper came to for a visit too!

We had an Artist in the school that we visited 5 times who taught us some amazing things and was always a blast.

It has been busy but so much fun!

Upcoming Events

For the last four months of school we have a field trip to the zoo in late April.

We also have a day at the splash pad lined up.

Students are also hoping for a few other exciting things that students wrote persuasive letters about, including a picnic with our buddies and a movie day!

Reminder

Please ensure students are coming to school each day with their bookbags and home reading folders!

Our Nutrition Program volunteers are full of smiles. Adults and students getting involved.

More glasses delivered to the school. Thank you to the Mobile Vision Clinic. Our new glasses look great!

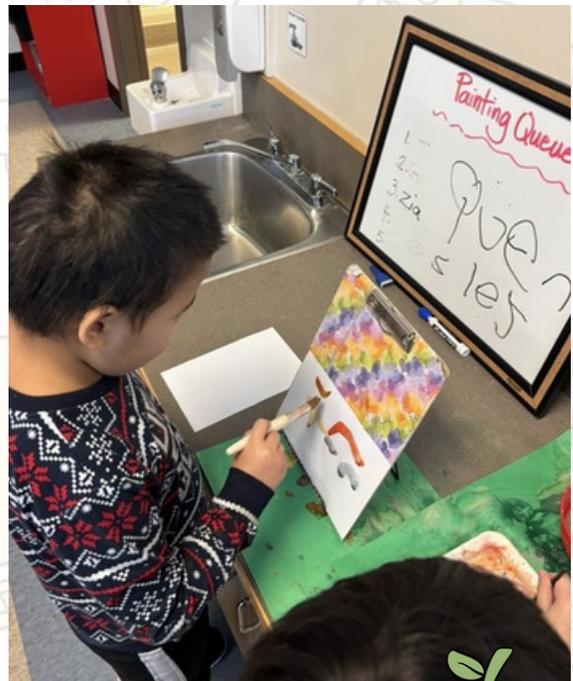

Mrs. Horbacio's

Kindergarten Class

We have come so far this year! Most kindergarten students are now able to print their names using the proper letter formation! In ELA, students are able to draw a detailed picture to tell a story and they are also beginning to learn letter sounds. In math, we practice counting out loud to 30 each day and we can now count objects one at a time. We are also learning to print numbers in the correct order. Most importantly, we are learning how to be good to each other and ourselves!

We love to read!

Health & Arts

This Month in Our Classroom:

February is always a busy month with many different events and activities happening all in one month! There's I Love to Read Month, Black History Month, Louis Riel Day, and the Winter Olympics! Here are some snapshots!

English

We are working through the writing process, but with the focus on Persuasive Writing. Students in Room 22 and 23 also worked on understanding Free-Verse Poem Writing.

Social Studies

Students in Room 22 and 23 learned about Metis Culture in honour of Louis Riel Day. February is also Black History Month, and our students have been working on researching prominent figures in Black History.

Health

Using the Sources of Strength Program we talked about the 7 Root Safety Strategy.

Visual Arts

Students looked at Metis beading art, and have made a variety of dot-art art pieces inspired by Christi Belcourt's artwork.

Art in Room 22

Room 22 has had the opportunity to take part in many art activities throughout February. While the students have explored dot-art in the classroom, they have also been taking art classes with our Artist in the School: Pink Panda. Here are some art activities they have done so far!

Winter Day at Camp Manitou

Rooms 17, 22 & 23 spent a day learning about different outdoor winter activities such as skiing, snow shoeing, and tobogganing. The students were bundled up and braved the cold temperatures!
