BE ON TIME

It is very important that all students established good routines and habits. Punctuality is a life skill that they need to develop while they are young. It is essential that you ensure that your child arrives at school daily and on time to prevent disruption to your own child's learning and to the learning of other students in their classroom.

School starts at 8:55 am in the morning and 12:55 pm in the afternoon. Students need to be outside in their class line by 8:55 am and 12:55 pm so they can enter the school together and start their lessons promptly.
