REMEMBRANCE DAY SERVICE

Principal Sparling School will be holding a Remembrance Day Service. See page 2 for more information.

DRESSING FOR COLD WEATHER

Please ensure your child is dressed appropriately for cold weather, and refer to page two for additional guidelines.

CALENDAR

Don't forget to take a look at the monthly calendar so you're up to date on what's happening at our school!

Winnipeg School Division

Message from the Student Council

Dear Parents/Guardians,

Student Council is made up of Grade 5 and 6 students who share ideas and make decisions to help improve our school. We meet every Wednesday to discuss school-related issues and present ideas, giving students an opportunity to have their voices heard.

Our council is divided into groups that focus on different priorities, including events, school improvements, athletics, and clubs. We have different groups for different priorities like our events group, our school improvements kids, the athletics clubs. In student council, we have been preparing for our Halloween events such as the trick-or-treating, door decoration contest, and the haunted gym. The athletic group has already made some improvements like adding nets to the soccer goals, adding soil to the holes in the field, and giving pinnies to the kids who play soccer at recess.

We look forward to making even more improvements throughout the school year. Each month, we will share an update on our projects and accomplishments!

From Mila, Anastasia, and Raine
Student Council

For Your Information

Remembrance Day Service

Principal Sparling School will be holding its Remembrance Day Service on Tuesday, November 10th. This year, Rooms 15 and 19 will be hosting the service, which will feature a traditional observance led by students. The service will be approximately 30 minutes in length.

Handwashing and Staying Healthy

As we head into the colder months, it's important to remind children about the importance of proper handwashing to help prevent the spread of germs. Encourage your child to wash their hands often, especially before eating and after using the washroom or coughing and sneezing.

If your child is feeling unwell, please keep them home and consult your family doctor. Staying home when sick helps your child recover faster and keeps classmates and staff healthy too.

Working together, we can help everyone at school stay safe and well!
