

Kelvin High School

Important dates for the 2025 IB entrance process

February 6

Kelvin High School Open House

IB programme presentation/question period to pick up an information package that contains the Grade 10 Interest in IB form and questionnaire. Please see the Kelvin website for details about times.

February 28

Grade 10 Interest in IB form and questionnaire deadline

Please return the pink “Grade 10 interest in IB form” and the completed ivory “Student questionnaire” to Kelvin’s main office by February 29, 2024. Two white “Teacher reference forms” are to be completed by your English and Math teachers. These teachers will send their white reference forms directly to Kelvin’s main office. You will not hand these in.

March 17-20
And 24-28

Grade 10 IB entrance conferences

All Grade 9 students who have handed in their pink “Grade 10 interest in IB form” and the ivory “Student questionnaire” by the February 28th deadline will be invited to an IB entrance 10-minute conference March 17-20 or 24-28, 2025. Your time slot will be mailed to you early in March. Please note that due to the high volume of applications, times may not be changed, though they may be postponed until April.

Mid-late April

Notification of entrance

Based on the entrance conference, two samples of work that are brought to the conference, Grade 9 marks to date, and the two teacher reference forms, Kelvin High School will accept a maximum of 60 students to begin their IB preparation year in Grade 10. Students will be notified of acceptance or non-acceptance in April (though due to the school division’s alterations to registration, this may be delayed). We ask that students accept our invitation and commit to join the Kelvin IB Programme, or decline, in a timely manner, so we are able to fill all 60 spots available.
