ROOM 7

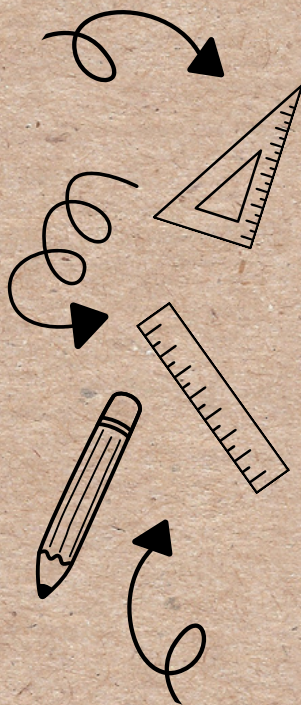

# COME AND JOIN US ON SEESAW

Seesaw is an important way that school and home can stay connected. Students are able to share their learning through a digital portfolio and work on activities to support learning at home. Parents, Guardians and Teachers are able to have a consistent method of communication.

## ROUTINES

Routines are an important part of how students learn to adapt. Expectations are clear and as they advance developmentally, more complex skills are gained. Activities are scaffolded for students' abilities in order to build upon success.

Carpet Time

Clean-up

Games

## MULTI-AGE

Room 7 classrooms include students who are both nursery and kindergarten age. Students will be taught at a level that is appropriate to their developmental level in order to foster confidence and build upon their individual successes, creating strong learners.
