Email: tecvoc@wsd1.org

Principal: Ms. Lindsey Munz Vice Principals: Mr. Andrew Gilbert & Ms. Tracy Darbyshire

Thank you for inquiring about the AMMOP program at Tec-Voc.

AMMOP stands for **Aerospace Manufacturing and Maintenance Orientation Program**.

This program will cover many different areas in the Aerospace industry.

Program Elements

- Aircraft Components & Functions
- Aircraft Engine Fundamental (both Piston and Gas Turbine)
- Aviation Math & Physics
- Blueprint Reading & Technical Drawings
- Composite Fabrication & Repair
- Mentorship
- Non-Destructive Testing
- Principles of Flight (both Fixed & Rotary)
- Sheet Metal Fabrication & Repair
- Work Experience/Work Integrated Learning

Duration and Hours

- 10-month part-time program, starting in September and ending in June
- Two classes run during the year. You would be enrolled in either Monday/Tuesday every second Wednesday or the Thursday/Friday every second Wednesday class
- Classes run from 7:50am to 2:20pm at Tec Voc High School

Cost

- The course itself is FREE of charge
- Individual work boots will be required
- A one-time fee of \$500 to be paid by the end of August 2027 to cover individual tool kits and materials

Work Experience

- At the end of the program there is a two-week, everyday work experience component

Open House and Applications

- We will be holding an Open House on April 14th, 2027, at Tec Voc beginning at 6pm
- At that time, we will accept paper applications for the program
- You need to be a Canadian Citizen or a Permanent Resident (provide proof with PR)
- A minimum of Grade 12 is required with a transcript of highest level of education accompanying the application
- A valid Child Abuse Registry Check will be due by the end of August 2027 for successful AMMOP students (Applied for in July 2027).

If you have any further questions, please reach out to Kelly DeKlerck. I encourage you to register for the AMMOP 2027 Open House online and continue to check the webpage for updates at tecvoc.ca/ammop.
