If the employee is paid directly by WCB when an advance payment has been made, the Division may recover the advance by payroll deduction.

- iv) In the event that the WCB disallows the claim, including all appeals, the employee shall be paid for the absence in accordance with the sick leave provisions of this Agreement and the Division shall recover the total amount of the advance by payroll deduction from the employee.

If the employee is paid directly by P.I.P.P. when an advance payment has been made, the Division may recover the advance by payroll deduction.
 - iv) In the event that the P.I.P.P. disallows the claim, including all appeals, the employee shall be paid for the absence in accordance with the sick leave provisions of this Agreement and the Division shall recover the total amount of the advance by payroll deduction from the employee.
 - d) Notwithstanding the foregoing, the amount that an employee will be entitled to be paid will be reduced, where necessary, in order to ensure that the payment does not result in a reduction in the amount of compensation that would otherwise be paid under any legislation and/or regulations.
- 10.10
- i) After an employee has exhausted all sick leave credits, the employee may use for bona fide sick leave purposes any overtime or compensating credits or vacation credits available to the employee.

Re: Sick Leave

During the recently concluded negotiations for a new Collective Agreement, the Division and the Canadian Union of Public Employees, Local 110 agreed to modify Article 10.02 – Sick Leave.

It is the intent of the parties that the meaning put to this clause is that employees will accumulate sick leave on a month-to-month basis. For greater clarity, for those employees not grandfathered above, the maximum accumulation, unused sick leave will be accumulated and carried forward at the end of each month of continuous service up to a maximum of one hundred and eighty (180) days. Re: Letter of Understanding – Article 3.05 – Recognition and Negotiation – Group “F” Labourer/Utility/Trades Helper

The following sets out the understanding reached between the Winnipeg School Division and the Canadian Union of Public Employees, Local 110, regarding the Utility/Trades Helper classifications.

It has been agreed to amend Group “F” effective the date of signing to eliminate all individual job descriptions (such as filter coil cleaner, truck driver, etc.). The utility worker position will encompass these duties. Any utility worker may be assigned responsibilities based on their availability and the needs of the Division.

It has been agreed that effective the date of signing, the classifications of Trades Helper and Skilled Utility Worker will be merged into one classification of Building Trades Assistant. The individuals in this classification will perform tasks of a semi-skilled nature with little supervision and/or will assist tradespersons in the completion of their duties.

Individuals in this classification will be assigned responsibility based on their availability and the needs of the Division.

All future job postings will include a requirement for some formal training and experience in building construction and/or maintenance.

The Division will make training available for employees who may wish to upgrade their skills in the areas identified as job requirements.

Yours sincerely,

Pauline Clarke
