

# BIENVENUE À SALLE 15 / WELCOME TO ROOM 15

## Grade 2/3 French Immersion with Mme Erin

### MEET THE TEACHER

Welcome to Room 15! My name is Erin Ross Moore (students know me as Mme Erin), and this is my 4th year teaching at École Luxton School. I am looking forward to meeting everyone, seeing many familiar faces, and starting off the year in grade 2/3.

### IMPORTANT INFO

- Please send your child with a pair of **indoor shoes** (runners) to be kept at the school. Please make sure to send your child with shoes they can do up independently.
- Student fees are \$40 this year. Cheques can be made payable to “École Luxton School”. Cash is also accepted. All school supplies are included with these student fees.
- We have snack every morning after first recess. Please send your child with a small snack for this time of day.
- If you're able, please send your child with a box of tissues for the class!

### CONTACT

- I will be using Seesaw as our main communication platform. This is where you will find classroom updates and reminders. If you haven't already, please take the time to connect to Seesaw. I am happy to help if you have any questions! I can also be reached by email at: [erossmoore@wsd1.org](mailto:erossmoore@wsd1.org).
- Students will be provided with agendas this year. The agendas will be used throughout the year to share classroom messages with you. Please check the agenda daily and make sure it comes back to school with your child every morning! Agendas will be sent home within the first month of school.

## A glimpse into this year's learning:

### Math (les mathématiques)

**Grade 2:** In grade 2 we begin working with numbers up to 100.

- Representing numbers up to 100, place value for 2-digit numerals, addition and subtraction with 2-digit numerals, increasing and decreasing numbers patterns up to 100, repeating patterns, measurement, 2D and 3D shapes, mental math strategies, etc.

**Grade 3:** In grade 3 we begin working with numbers up to 1000.

- Representing numbers up to 1000, place value for 3-digit numerals, addition and subtraction with 3-digit numerals, increasing and decreasing number patterns up to 1000, multiplication up to  $5 \times 5$  and related division facts, beginning understanding of fractions, telling time, mental math strategies, etc.

### Science (les sciences)

- Air and Water in the Environment
- Growth and Changes in Plants/Soils in the Environment
- Materials and Structures

### Social Studies (les sciences humaines)

- Connecting with Canada
- Communities of the World
- Ancient Societies

### English Language Arts (l'anglais)

- ELA is taught using a combination of whole-group writing activities/lessons and small-group centre-based literacy learning. Main focuses are: Reading progression and comprehension, communication, and various writing traits (ideas, organization, spelling, voice, etc.). We explore language as a tool to read, write, represent, listen, speak, and view.

### French Language Arts (le français)

- FLA is taught using a combination of whole-group lessons, daily vocabulary and communication activities, and small-group centre-based literacy learning. Main focuses are: Reading progression and comprehension, vocabulary, communicating simple ideas, and writing traits (sentence structure, spelling, word choice).

### Art (l'art)

- Students will explore visual arts, dance and performing arts.
