Dear Parents, Guardians and Students in the French Immersion Program,

The French Immersion Policy in Manitoba outlines how WSD schools can implement the four key areas in their French Immersion plan.

These areas are:

- creating a French Immersion setting
- **validating students' linguistic and educational experience**
- educational staff and professional learning
- student enrollment

This communication intends to highlight the enriching school experiences offered at Kelvin. These learning opportunities focus on French language acquisition which promotes plurilingualism and encourages students to value their own language learning within and beyond the classroom.

Below is a list of some of the French cultural and language activities taking place in our French Immersion program at école secondaire Kelvin.

Our ask of you is simple. Please speak to your child and encourage them to participate in all French Immersion events and activities. Continual exposure to French ensures students gain confidence in the language learning journey.

Lastly, administration would like to thank our French Immersion teachers who continue to look for ways to enrich French Immersion learning at our school.
