Students must complete a total of 30 credits in order to graduate with a high school diploma. You are timetabled on the understanding that you have obtained the prerequisite courses for your selections and that you meet the provincial compulsory course requirements.

Please indicate your IB status:    Full IB:                          Partial IB:   

Full IB students must choose six subjects, one from each of Groups 1 to 5 and the sixth subject may be chosen from Group 6 or a second subject from Group 3 or 4. The combination may be 3 HL and 3 SL or 4 HL and 2 SL courses. Remember that IB Chemistry SL counts as one of your SL courses if you completed it in Grade 11. Partial IB students must take a minimum of two IB courses. Please check off the IB courses in the table below that you want to take.

Note that course codes with a '3' in them are in the Grade 11 course listing online. You will have to switch to the Grade 12 course listing online to find course codes with a '4' in them.
