To: Parents/Guardians/ Grade 12 Students,

Re: January Provincial Grade 12 Exams and Semester 1 Kelvin Exams

Before the semester comes to a close, Kelvin grade 12 students will participate in provincial exams in January 2024. Students enrolled in English, Français (French Immersion) and Mathematics (Applied, Essentials, Precalculus) in semester 1 have been registered for the provincial exams. Provincial exams account for 20% of a student's final grade and the provincial exam result is indicated on report cards and transcripts.

The provincial exam schedule is as follows:

English Language Arts Tuesday, January 9th—all morning
Wed.—Fri., January 10th—12th—one hour each day during English class

French Language Arts (French Immersion students only)
Wednesday, January 10th—one hour during French class
Monday, January 15th—Slots B and C
Tuesday, January 16th—all morning

Mathematics

Applied—Tuesday, January 23rd—all morning
Essentials—Wednesday, January 24th—all morning
Pre-Calculus—Thursday, January 25th—all morning

Grade 12 ELA, FLA and Math teachers have already begun discussions and preparations for the exams. We expect that students continue to attend classes on a consistent basis to work in their classrooms with their teachers. Engagement and preparation will help prepare students so they are confident and are able to perform to the best of their abilities. Depending on what courses your child is taking and the date(s) of the scheduled provincial exams, your child will be excused from their other non-provincial exam courses. The library is open as a quiet, study area for students.

Kelvin Exam Week takes place Friday, January 25 to Thursday, February 1st.

Grade 12 students taking sciences courses (biology, chemistry and physics) will write these exams in the gymnasium during exam week. There will not be any regular classes at Kelvin during exam week. The library will be open for students to access during exam week for a quiet study space. The cafeteria and its services will be closed. Students are only permitted in the building during their scheduled exams or should they choose to access the study spaces provided. Kelvin's January exam schedule will be posted on January 8th. There is a **school closure** on Friday, February 2nd and **Semester 2** begins on Monday, February 5th.

Outside of regular classroom instruction, Kelvin has additional math support to help our students prepare for exams, develop better understanding of course outcomes and complete assignments.

Math Resource Center is available Monday—Friday 12:30—1:10 in Room 41.

The Math Resource Center is supported each day by Kelvin Math teachers and trained peer tutors.

If you have any questions or concerns, please do not hesitate to contact your child's teacher.

Sincerely,

Kelvin Administration
