HAPPY NEW YEAR 2024

Administrator's Message...

Wishing everyone a

Happy New Year as we enter 2024!

These next few months are the very best learning months of the school year and we thank you for your continued support in all of the learning that is forthcoming.

More thank-you's to share! The students did a super job at the Winter Concerts! All of their practice and hard work certainly paid off. We want to send a special thank you to Ms. Giancola for her work, her skills and her dedication in making this event such a success. As well, we thank all of our 'Winter Concert' helpers who assisted in so many ways, including set-up, sound and lighting work, props, preparation and clean-up. A special thank you to our Parent Council and Community Support Worker Ms. McNabb for their draw donations. It was a great way to end the evening events.

Our Holiday Store was a huge success. It was a great treat to do a little holiday shopping at school and we hope you enjoyed the treasures that your child found. It was a busy December with 'Spirit Week' fun and having our school community join together for a holiday sing-along.

Our next Parent Council meeting is January 17 at 3:40 pm in our Staff Room and we hope to see you out.

We are excited to begin a new year at Keewatin Prairie! There are many great plans happening to ensure academic success for our students.

Yours in education,
Ms. Enns and Ms. Bui

PE with Ms. D! In the joyful spirit of the season. Our elementary students have been dashing, prancing, and having a blast in their physical education classes through a series of spirited activities known as the “Reindeer Games”. These festive games have not only kept our students active but brought an extra dose of holiday cheer to our PE classes.

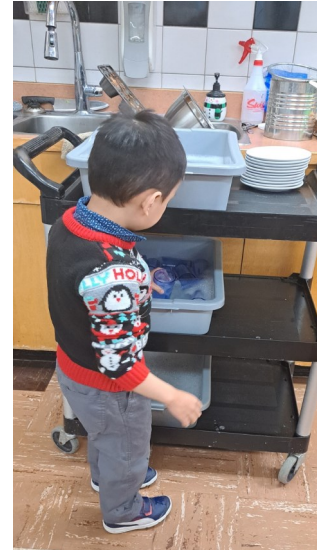

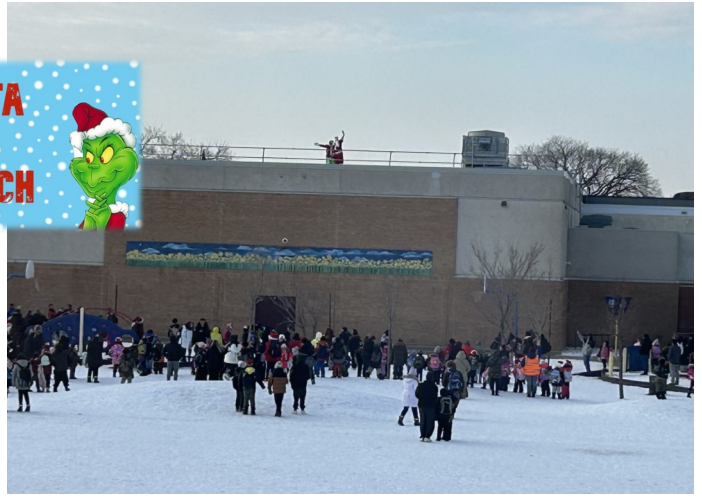

The outdoor education program for grades 7 & 8 had a successful sock drive, collecting **355 pairs of socks and 55 hats**. We extend our gratitude to all the students, staff, and community who generously contributed to the cause, as well as to **Canadian Footwear for their support**. Special thanks to Cindy and Carla from the Mainstream project for providing us with valuable insight into their facility.

Your support is greatly appreciated.

Mr. B Ganaden
Grade 7 & 8 Math, Science, Outdoor Education
