To: Parents/Guardians/Students,

Re: Semester 2 June Exams and Preparations

Kelvin students will be participating in exams during the week of June 16th-June 20th, 2025 (with the exception of grade 11&12 Biology being on June 13th, 2025).

Grade 10, 11 and 12 students will be writing their exams in the school gymnasium, while Grade 9 will be writing exams in their regular classrooms.

Only compulsory subjects will be written during the exam week. The assessment of non-compulsory courses will take place prior to exam week. Students in our International Baccalaureate Program will be writing exams in the cafeteria following their program guidelines.

There will not be any regular classes at Kelvin during exam week. The library will be open for students to access during exam week for a quiet study space. The cafeteria and its services will be closed. Students are only permitted in the building during their scheduled exams or should they choose to access the study spaces provided.

An exam make-up opportunity is scheduled on Thursday June 19th in the afternoon. This is an accommodation for any student who has missed their scheduled exam or had a conflict between exams. Students will be required to provide supporting medical documentation in the case of a missed exam that was not pre-arranged. If students have a conflict between exams - They are to see Ms. Benoit in the office to set up the rescheduled date.

We expect that students continue to attend classes on a consistent basis prior to exam week, to complete daily/weekly assignments and to work in their classrooms on exam reviews with their teachers. Engagement, preparation and attendance will help prepare students so they are able to perform to the best of their abilities.

Outside of regular classroom instruction, students are encouraged to arrange additional support with their teachers if they have questions or need more instruction about a topic or concept prior to the exams. Kelvin has additional math support to help our students prepare for exams, to complete assignments, and to develop a better understanding of math outcomes.

Math Resource Center

Monday-Friday 12:30-1:10PM Room 41

The Math Resource Center is supported each day by Kelvin Math teachers and trained peer tutors.

Please see the attached exam schedules

Exam Schedule Grades 9-12 (Monday, June 16th - Thursday, June 19th)

If you have any questions or concerns, please do not hesitate to contact your child's teacher or the school.

Sincerely,

Kelvin Administration
