So far the total is \$831.00, which will go towards helping to cover some of the costs of field trips, and classroom technology upgrades. We thank Ms. Place for coordinating this fundraiser and all her dedicated helpers!

## Ultimate Frisbee Club

Thanks to Ms. Dow and Mr. Erichsen for piloting a grade 5/6 Ultimate Frisbee Club which started in May and continued into June, ending with a free Ultimate Clinic for all students in grades 3-6. Students got to learn about the sport of Ultimate Frisbee which is a non-contact team sport using discs (or frisbees). During the clinics that will run on June 21 & 23, a coach from MODS (Manitoba Organization of Disc Sports) will be visiting the school and teaching students about the game and will run some scrimmages for the students to practice what they learn. Thanks to MODS for coming out to the school and working with our students and showing them this sport.

## Elementary Choral Celebration

Once again, Mrs. Vigier and four, selected, grade 5/6 students, along with students from other schools, attended the Elementary Choral Celebration, (formally known as Honour Choir), on May 25th. The day was spent in rehearsals ending with an evening concert attended by families of the students. This choral event has not been able to happen since Covid19, so it was great to see families come out and celebrate their child and music! Thanks to Mrs. Vigier for her continued dedication to the school choir and music clubs that she runs during the noon hours, along with the regular music program.

Also, a big congratulations to Manmeet, Hitesh, Savreen and Francheska for being selected to participate in this event!

## Hans Kai in Grades 5 & 6

Through 9 weekly sessions, students in grades 5 & 6 have been visited by staff from the NorWest Co-op Community Health Hans Kai program. Topics have included physical activity, nutrition, mental health, hygiene, and others. These sessions have allowed students to explore and learn about personal health and all that entails. During the nutrition session, students got to make a healthy parfait to eat!

Students also got to make their own mini first aid kits while learning the basics of first aid. And under UV light students got to explore what simulated germs on the skin might look like and how proper hand-washing is essential to hygiene. We thank Hans Kai program staff for visiting our school and spending time with the students.

## Let's Get Growing at Tyndall Park School

We are very fortunate to have retired teacher, Mrs. Kurek, volunteer to come and introduce students to planting and taking care of the gardens out front during the months of May & June. The garden boxes which were dedicated and named, 'Kurek's Garden', to reflect Mrs. Kurek's love for gardening, will be filled with plants and vegetables that are donated to a local food bank or to Tyndall Park families in need.

As for the months of July and August, we are asking for volunteers who share that passion for gardening! We are in need of a few community members who would be available to water and tend to the flower boxes over the summer months. If you are able to volunteer your time to keep the gardens growing and tended to over the summer, please see page 12 for more information. We thank you in advance.

## Coding Club

Grade 4 students continued having some megabyte sized fun during noon hour Coding Club! Students have been learning to code games such as dice, rock-paper-scissors, and hit potato using Microbit, (a pocket-sized computer that lets you get creative with digital technology). Thanks to Mr. Opena and Mrs. Bui-Arias for introducing this club to the students and sparking interest in computer programming.

## Dragon's Eyes in Grade 2

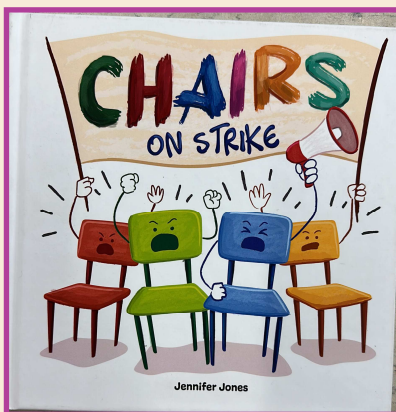

Check out these cool Dragon's Eyes that students in grade 2 have been working on! Students read the story 'Me and My Dragon' and then wrote their own stories of pet dragons and what they would love to do with. They then got to create these amazing dragon eyes out of plasticine. Students were super creative with their designs!

## Grade 2 Chairs On Strike

The grade 2s were shocked to come to school and see that their classroom chairs had gone on strike! Students had to write persuasive letters to their chairs to get them to come back to class. This activity based on the story 'Chairs On Strike', by Jennifer Jones, was a fun way to get students improving their writing skills and having some laughs doing it! It seems their letters worked, as the chairs were back on the job later that day!

## Oak Hammock Marsh Field Trip

Students in rooms 20, 21, and 13 attended an exciting field trip at Oak Hammock Marsh on May 26th. Through funding from the Talbot Family Foundation, who supported the field trip by covering a partial cost of admission and a pizza lunch, students got to do some 'Critter Dipping', play some 'Ecology Games' and participate in a 'Marshwalk'. Students in rooms 12, 16 and 18 will be participating in this field trip later this month. The weather was beautiful and students had a great, learning day!

## Grade 2s Assiniboine Zoo Trip

Wow! The grade 2 students have been having a very busy learning month of May! Along with all their creative writing and projects they were working on, students also had a fun-filled field trip to the Assiniboine Zoo learning more about animals and their habitats. Students have also been discovering animal classifications and what characteristics sets them apart. Students have been truly enjoying these lessons!

Tyndall Park School is in need of community members who can help in looking after our plant boxes this summer. For more information and to sign up as a volunteer, please call (204) 633-0065 and ask for Marni.

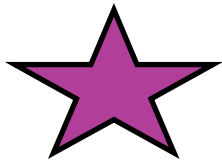

**Do you**
