Student Led Conferences are a celebration of your child’s learning. They have worked hard throughout the year to develop a variety of skills, and this is their opportunity to showcase their successes by formally presenting their learning to their families. We trust you are already familiar with your child’s schoolwork however, this conferences led by your child, will give you an opportunity to celebrate your child’s progress, to learn about your child’s opinion of their progress, and to provide support and encouragement.

With these conferences, we hope for students to achieve the following goals:

- Take personal ownership of their learning
- Communicate goal setting and next steps
- Reflect on areas of growth
- Be accountable for schoolwork, organization and behaviour

* Please note that there are no scheduled appointments for our specialist teachers (Art, Music, Gym, Resource and Guidance) but they are eager to meet you. They will be hosting more of an “open house” and will be available for drop-in meetings and/or tours of their programs.
