March 9, 2026

Dear Parents/Guardians,

This week at Kelvin High School we will be recognizing **Communication Week**. While our teachers are always encouraged to connect with families throughout the school year to support student success, this week provides a dedicated opportunity for staff to reach out and strengthen those connections.

During the week, teachers may contact families if there is important information they feel should be shared, or simply to have a short conversation about how a student is doing. Because of time and scheduling, not every family will receive a phone call. Please be assured that if there were concerns about your child's progress, you would be contacted.

We also encourage parents and guardians to reach out to teachers at any time during the school year. Staff contact information is available on the Kelvin High School website, or you can call the school office and we will be happy to help connect you with the appropriate teacher.

Thank you for your continued partnership in supporting our students.

Sincerely,

Kelvin Administration
