
Welcome
November
2026

A Message From Ms. Manness

As we welcome November, we are looking forward to another month filled with learning, growth, and connection at Carpathia! We hope everyone enjoyed the Halloween festivities and had a wonderful October.

With cooler temperatures arriving, please remember to send children to school dressed appropriately for outdoor play. As the weather gets colder, a reminder that when temperatures reach -27°C (with or without windchill), students will remain indoors for recess.

This year, we are trying something new with our reporting process! Parent-Teacher-Student Conferences will take place on Wednesday, **November 19 and Thursday, November 20,** with report cards being shared electronically on **Thursday, December 3**. By holding conferences before report cards are sent home, we hope to create more opportunities for meaningful conversations about student learning, growth, strengths, and next steps. These conversations are an important part of the home-school partnership, allowing families and teachers to share perspectives, celebrate successes, ask questions, and work together to support each child's learning and development. We encourage all families to take advantage of this opportunity to connect with their child's teacher. More information about conference times and sign-up details will be shared soon.

We look forward to connecting with families and continuing to work together to make November another great month at Carpathia. Thank you for your ongoing support and partnership!

HAPPY HALLOWEEN
