Illness

A reminder that students are to stay at home if they are sick and not return to school until they are well overall (fever is gone, any symptoms have improved and they can resume normal activities). If students present with consistent/ongoing or increasing signs of illness at school (cough, sore throat, runny nose, vomiting, etc.) they will be sent home.

Below are some links we received from Dr. Brent Roussin, the Chief Provincial Public Health Officer, that you may find helpful or informative.

Weekly provincial updates on respiratory disease activity in Manitoba are available at:

www.manitoba.ca/health/publichealth/surveillance/influenza/index.html.

Information on COVID-19 and influenza vaccine programs is available at: www.manitoba.ca/covid19/vaccine.html and www.manitoba.ca/health/flu/index.html. COVID-19 and influenza vaccines will not be available at school clinics. School clinics are focused on immunizations as outlined in Manitoba's Routine School Immunization available at:

www.manitoba.ca/health/publichealth/cdc/div/schedules.html#school

Masks will continue to be an option individuals can use to limit the spread of respiratory viruses.

Individuals can choose to wear a mask to protect themselves and to limit the spread of respiratory viruses to others. Each individual has different personal risk and the use of a mask is a personal choice. Further information on preventing transmission can be found at:

www.manitoba.ca/covid19/info-and-prevention.html

If there are questions about worsening symptoms, call your health care provider or Health Links - Info Santé at 204-788-8200 or 1-888-315-9257. Call 911 if symptoms are severe. Further information is also available on the Manitoba Health COVID-19 website

www.manitoba.ca/covid19/symptoms-and-exposure.html.
