Vice-Principal

Dear Parents/Guardians,

AMVC is excited to start an after-school student development program called “The Learning Club” (TLC). It will take place every week, Mondays-Thursdays, from 3:45- 6:15 pm in our school library. We will be starting the program on Monday, November 28th.

The objective of this program is to provide a positive, safe and comfortable environment for students to work on their studies and succeed in their academic subjects. Your child will be able to access technology and have student tutors/staff present to help them with their learning tasks. A light snack will be provided during the sessions.

The program will work to help students feel successful in their academics and helps to instill a work ethic that students need to realize and will continue to grow as they get older. The understanding that their studies will occur past regular school time also prepares them for the real world, to realize that working past your regular hours at a job occurs frequently.

The criteria for participating in the club is quite simple, any student who needs to complete academic tasks or some form of studying is eligible. Students need to bring the materials needed to do their work and need to have permission stay. Students must arrive before 5:15 in order to receive support. Teachers may also suggest the program to get students back on track to improve their grades.

Please complete the form below if you are interested in having your child participate. Signing the form will allow your child to participate whenever he/she requires throughout the week. It does not mean that your child is required to attend every day.

Please feel free to contact the school should you have any questions about the above information.

Sincerely,

Cristina da Mata
Principal
Andrew Mynarski School

-
- Yes, I give permission for my son/daughter, _____ to attend the “The Learning Centre”, Mondays-Thursdays 3:45-6:15 p.m.
 - I give permission for my child to walk home when done _____
